Junior College Proposal Rejected by 6 to 1 Ballot In County, 2,983 to 471

By a whomping six-to-one majority, Twin Falls county voters turned thumbs down Tuesday on a plan to establish a junior college in the county. The vote was 2,983 to 471. The margin by which the proposal was defeated ranged from four to one in Twin Falls to 14 to 1 at Hollister where only four voters favored the move. From the first count of ballots, there was no doubt about the outcome. Here is the vote by precincts with the "no" vote first: *Twin Falls courthouse, 800 to 121;* Twin Falls city hall, 593 to 136; Twin Falls high school, 164 to 45; Filer, 274 to 28; Buhl (two precincts combined) 772 to 29; Hollister, 56 to 4; Kimberly, 217 to 24; Murtaugh, 136 to 41; Castleford, *129 to 12, and Hansen, 82 to 21.*

Lyle Lowder, Murtaugh instructor who was co-chairman of the plan, issued the following statement following the election:

"We are not sure of the reason for the defeat. We feel quite badly about it because of what it will do to the young people in the county who can't afford to go away to college. I will watch with a great deal of interest the progress the committee formed by the Chamber of Commerce, with Sterling Larson as chairman, will make toward helping our elementary school situation. I am interested to know if we will hear *anything more from them. We accept* the vote of the people. The people are always right. I guess we were wrong. I also would like to thank the committee that worked with me and the people who helped circulate petitions."

His reference to the "committee formed by the Chamber of Commerce" apparently referred to the citizens committee studying expansion needs for Twin Falls schools. Curtis Eaton is chairman of that committee with Larson as recording secretary.

Frank McIntyre, the other co-chairman, was out of town and not available for comment.

There is no previous county-wide school vote on which to base a comparison, but it was indicated the turnout was fairly heavy for a school election. In addition to other requirements, voters had to be either the parent of a child under 21 or taxpayers on real or personal property.

County Recorder T. W. Silvers estimated Tuesday that the total vote would be between 3,000 and 3,500. The unofficial total was 3,454.

There was no indication of the total number of voters qualified for the election, but it was estimated variously from 6,000 to 9,000 were eligible.

Inspect Accreditation Certificate

Kline Quits as Head of Farm Bureau Body

NEW YORK, Dec. 15 (AP)—Allan B. Kline unexpectedly announced his resignation yesterday as president of the American Farm Bureau federation.

The federation's convention delegates immediately speculated on who would succeed him. Two names mentioned prominently were Charles B. Shuman, president of the Illinois Agricultural association, and Hazel E. Schenck, president of the Indiana Farm Bureau.

Tells Delegates

Kline casually told the 3,500 delegates at the close of his annual address he was stepping down Thursday for health reasons. He has been president since 1947 and had one more year of a two-year term to serve. His successor will be elected only for the rest of the term.

In his address, Kline said farm prices, off 23 per cent from the post-war peak, and warehouses bulging with surplus crops can be remedied by expanding markets.

Names Restrictions

Tariffs, quotas, import and export licenses and currency controls, he said, all are "interferences with trade" and "restrictions on freedom."

"We are the world's greatest trading nation," he added. "We have more to lose from restrictions of trade and more to gain from its expansion than any other country."

Two Minor Accidents Start Valley S-D Day

Reports from state police, Magic Valley police and sheriff's departments Wednesday afternoon indicate that local drivers and pedestrians are cooperating to make Safe Driving day a success. Until 1 p. m. Wednesday only two minor accidents were reported, one in Jerome and one in Twin Falls, and no injuries or fatalities were reported.

According to Deputy Sheriff Gene Kauffman, the accident in Twin Falls occurred shortly after 9 a. m. one mile east and one-half mile north of Washington school.

A 1955 Dodge driven by Robert Reese, route 3, Twin Falls, collided with a 1953 Pontiac driven by Joyce Jennings, also route 3. Damage to the Pontiac was confined to the left front door, while the right side of th Dodge was damaged, Kauffman said.

The other collision occurred between a school bus and a 1950 Ford at Main avenue and Birch street in Jerome at 8:40 a. m. Police Chief Fred Abrams, who investigated the accident, said the bus was driven by William S. Hull, route 3, Jerome, while the driver of the Ford was Ruth Stubbs, Richfield.

The Ford ran into the rear of the school bus at the intersection, Abrams said. The bus was damaged to the extent of $100 while damage to the Ford was set at $150.

Flying Saucers Said Not Space Travelers

WASHINGTON, Dec. 15 (U.P.)—President Eisenhower said today that an air force official told him some time ago that so-called flying saucers do not come from outer space. The President said this in response to a news conference question. He did not, however, say whether he thinks there are any such things. Or, if so, where they do come from.

The subject of flying saucers came up at Mr. Eisenhower's news conference after a long discussion of defense plans and the world situation.

He thought briefly and replied that nothing recently had come to him on the subject.

Air Force Report

The last report he had on flying saucers—he did not say just when he got them—was an air force man whom *he trusted.*

This man, the President said, told him it was completely inaccurate to believe that the saucers came from any other orbit or planet.

Reports Made

The air force said recently that during the first nine months of this year 256 sightings of various objects were reported to its air technical intelligence center at Wright-Patterson air force base, Dayton, O.

"It has been determined that over 80 per cent are explainable as known objects," an air force summary said.

The technical intelligence experts usually find that the objects are balloons, aircraft, astronomical bodies, atmospheric reflections, or even birds.

Summary Adds

The summary added:

"The air force would like to state that no evidence has been received which would tend to indicate that the United States is being observed by machines from outer space or a foreign government.

"No object or particle of an unknown substance has been received and no photographs of detail have been produced. The photographs on hand are, at best, only large and small blobs of light, which, in most cases, are explainable."

EXPEDITION LEAVES

LONDON, Dec. 15 (AP)—A British expedition has left secretly for the south Atlantic to reoccupy several bases in the disputed Falkland Islands dependencies, informed sources said last night. Argentina and Chile have staked out rival claims.

Aid of Public Sought in Maintaining Accredited Hospital Asserts Official

Responsibility of maintaining a fully accredited hospital rests with the hospital administration, medical staff and every resident of the community, said Mrs. Irene Oliver, Magic Valley Memorial hospital administrator, following receipt of the certificate of accreditation from the joint commission on accreditation of hospitals of the United States and Canada.

Discussing methods whereby local residents may contribute to maintain a fully accredited hospital, Mrs. Oliver pointed out that the hospital board and its staff gladly would accept constructive criticism. "The citizenry owes the hospital an open-minded understanding of its problems," she said.

"The fulfillment of the hospital's legal and moral obligations is the responsibility of the board," Mrs. Oliver said, "but it is in the interest of all residents to maintain a first-class hospital in Twin Falls."

Vernon L. Harris, assistant administrator, urged residents not to criticize the hospital without personally looking into the matter. "It is of vital importance," he pointed out, "that the patients and their families understand our problems and that they take an active interest in the hospital. We have to know where we are failing before the unsatisfactory aspects of the institution can be corrected."

The accreditation of the local hospital was given following a complete study of its facilities by the commission last July. The hospital remains a fully accredited institution for three years. A special survey is conducted if the hospital in the meantime fails to maintain its high standard of operation and does not comply with its rules and regulations. A routine check, however, is made automatically every three years.

The accreditation diploma stresses that physicians and surgeons privileged to practice in the hospital

Details Given For Gas Line To U. S. Area

TULSA, Dec. 15 (AP)—Construction details were disclosed late yesterday regarding the natural gas pipeline which will make available to U. S. markets the natural gas reserves of the Pincz Creek area in Canada.

Westcoast Transmission of Calgary contracted with Northwest Pipe Line corporation, Houston, for sale of 300 million cubic feet of gas daily for the Pacific northwest system.

El Paso contracted with Pacific Northwest for 250 million cubic feet for a day. The remaining 50 million cubic feet will be used to expand Pacific northwest's markets.

Tie at Sumas

At Houston, R. D. Ricketts, president of Fish Northwest Contractors, said Pacific Northwest's line will tie with the Canadian line at the international border at Sumas, Wash.

Our line will not enter Canada and Westcoast's line will not enter the United States," Ricketts said.

The main line will run from the San Juan basin northwest through Northwest New Mexico and southwest Colorado to Moab, Utah, to Mack, Colo., to Vernal, Utah, and across the southwest tip of Wyoming to Montpelier, Ida. In Idaho the line will parallel the Union Pacific railroad tracks south of the Snake river to Payette, where it will cross into Oregon and run northwestward to Pendleton.

Crosses River

The route then crosses the Columbia river into Washington and turns westward back to Portland, *Ore. From Portland, a northward* route takes the line through Tacoma, Seattle and Bellingham before terminating at Sumas.

Spur lines will tie the main line into the Piceance Creek field northwest of Mack, Colo., and the Dry Piney producing fields of Wyoming.

Spur lines for delivery of gas are planned to Rock Springs, Wyo., and Denver, Colo., to Kemmerer, Wyo., Spokane, Wash., to Hanford, Wash., to Wenatchee, Wash., and to The Dalles, Ore.

Jury Awards Cash Verdict

RUPERT, Dec. 15—James A. Laidlaw, sr., was awarded a verdict of $15,000 in his $50,000 damage action against Charles Baker and the Pacific Supply cooperative by a district court jury late Tuesday.

The jury returned the verdict at 5:30 p. m. after only an hour of deliberation. Laidlaw brought the action as a result of the death of his son, James Laidlaw, jr., 17, in a traffic accident near here last March.

Jurors were Orville Simpson, L. L. Culbertson, Leland Culley, Howard Bruns, Ervin Craven, A. W. Gregory, U. A. Walker, Darwin Goff, Betty Dickson, Frank Suhr, Robert Schoen and Elmo Barksdale.

Judge R. W. Beckwith presided at the trial. Kepler and Brahears, Burley, represented Laidlaw and Elam and Burkem, Boise, and Sherman J. Bellwood, Rupert, represented Baker and the cooperative.

INSPECTS BASES

MOUNTAIN HOME, Dec. 15 (AP)—Gen. Thomas D. White, vice chief of staff of the U. S. air force, made a formal inspection of Mountain Home air force base yesterday.

Jerome Water Hearings End, Value Argued

BOISE, Dec. 15 (AP)—A consulting engineer told the public utilities commission yesterday he believes a fair valuation of the Jerome Water company for rate-making purposes would be $478,000.

Otis C. Willard, Portland, retained *by the company to make studies for* it in its bids for revaluation, said that in his opinion "fair value should reflect not only actual cost but reproduction cost, future as well as present."

The commission recessed its hearing on the matter until a date to be determined, at which time Jerome city attorney Richard H. Seevy will cross-examine the company's witnesses.

New Date Set

Earl Reynolds, jr., Boise engineer, was given until Jan. 17 to prepare data on what has been added to and deleted from the city's system since 1951.

The PUC set valuation of $433,880 on the company last December and the company sought a rehearing.

Willard estimated original cost of the 478,000 system at $367,789. Reynolds estimated reproduction cost, less depreciation, at $506,969. Original and reproduction costs are normally combined in arriving at a valuation.

Tells of Difficulties

R. F. Hamilton, a Pocatello engineer retained by the company, told of difficulties encountered by construction companies in digging through lava rock in the Jerome region because of pockets of cinders.

F. R. Mann, a Jerome real estate man, said he bought a block of land adjacents to the water company plant for $11,000 in 1950 and "I still think its worth just as much as it was then."

Jailed Airmen Could Be Part Of China Deal

WASHINGTON, Dec. 15 (AP)—The United States today indicated that it might consider under certain circumstances a Red Chinese offer to swap Chinese scholars here for Americans held in China.

State department spokesman Lincoln White said U. S. consideration of any such offer "would depend entirely on the nature of the offer and the circumstances as of that moment."

"Our concern here is to get not only the military personnel out of Jail in China but the American civilians out of jail in Communist China," White said. "Our concern is to get our people safely home."

White made the comment in answer to a question as to whether a Chinese Communist offer to exchange Americans in China for Chinese scholars here would be closely studied should one be forthcoming.

The state department spokesman emphasized that Red China so far has neither formally nor informally made any actual offer to exchange Americans in China for 35 Chinese students who have been denied permission to leave this country.

Silver Beaver Badges Presented to Scouters

JEROME, Dec. 15—Bernell Wrigley, Burley, and John A. Keith, Shoshone, were awarded silver beaver awards at the annual meeting of the Snake River Boy Scout council here Tuesday night. The silver beaver award is the highest award that can be presented to Scouters.

Keith also was elected president of the council for the coming year and E. E. Larson, Twin Falls and Clarence McNealy, Buhl, were elected vice chairmen. Charles Allen, Twin Falls, was elected treasurer and J. Herbert May, Paul, and Dave Moyes and Mel Cutler, both *Twin Falls, were named* national representatives.

Dr. Carl McIntosh, Pocatello, president of Idaho State college, was principal speaker. Dr. McIntosh told of the need for more college instructors in the coming 10 years and commended Scouters for their work in the Scout program. He said Scout training helps students once they reach institutions of higher learning.

Jerome Mayor Theron Ward was toastmaster at the banquet which preceded the meeting. Ushers were Jerry Clubb and Tom Mahan. May, outgoing president, conducted the *business meeting.*

The invocation was given by the Rev. William Perdue, Jerome, and Guy Kennedy, Walt Thuson and Colin Helms took part in the flag ceremony. David Pratt gave a tribute to Scoutmasters in the closing ceremony. Approximately 200 persons attended the banquet and meeting.

Death Claims Gooding Man At Age of 66

GOODING, Dec. 15—Virgil E. Daniel, 66, retired Gooding grocer, past president of the Gooding Chamber of Commerce and founder of the Gooding Elks lodge, died Wednesday morning at the Gooding County Memorial hospital following a long illness.

Mr. Daniel was born Sept. 30, 1888 at *Murray, Ia. He came to* Gooding in 1939 from Nampa. He was a past exalted ruler of the Nampa lodge, No. 1389, BPOE, and founded the Gooding lodge, No. 1745, BPOE, after he moved to Gooding. He also was a member of Lincoln lodge, No. 59, AF and AM. He was past president of the Idaho Food Dealers association.

Surviving are his widow, the former Bertha Robinson, whom he married at Elko, Nev., on Aug. 26, 1952; one son, Milen C. Daniel, Gooding; three stepdaughters, Mrs. Shirley Berrin, Weiser; Mrs. Billie Ann Berrie, Ontario, Ore., and Beverly Robinson, Gooding, and two grandchildren.

Funeral services will be held at 2 p.m. Friday at the Thompson chapel with the Rev. Kenneth Whitney, rector of the Episcopal church, officiating. Concluding rites will be held at Elmwood cemetery under the direction of the Thompson chapel. Friends may call at the chapel from noon Thursday to 1:30 p. m. Friday.

Files Suit

BOISE, Dec. 15 (AP)—Mrs. Elizabeth M. Brennan, an Idaho resident, today filed suit in federal district court to recover $15,750, plus costs, on a life insurance policy.

She alleged that the defendant, the Lincoln National Life Insurance company, Ft. Wayne, Ind., owed her that amount following the death of her husband, John W. Brennan, who died March 12.

President Places Tag on Programs

WASHINGTON, Dec. 15 (AP)—President Eisenhower has put a 63 billion dollar price tag on the 1955 legislative program he will send congress next month, congressional leaders said today.

This is about the same as the estimated bill for this fiscal year which ends next July. And it means a deficit of 3 billion dollars in 1955-56 even if congress postpones the corporation and excise tax cuts scheduled for April.

The leaders disclosed the budget estimates after a two-day White House conference in which Mr. Eisenhower outlined the legislation he will recommend to the Democratic-controlled 84th congress.

The initial reaction of the Democrats was favorable with one flatly ruling out any "cold war" with the White House. Senate Democratic Leader Lyndon Johnson said, however, that the President's program may need "some improvement." Republicans emphasized their harmony with the administration.

Christmas Thoughts

By MRS. FAYE HIGGINS

I think Christmas is a wonderful time of year—a special time to bring us to God—a time to give us an understanding of the birth of Christ.

It helps to bring families and friends together.

Then there is the joy of giving to others and also the pleasure of having the carols of peace and good will toward men.

It would be wonderful if the spirit of Christmas could prevail throughout the year and the fortunate could help those less fortunate than themselves.

It is a sorrowful thing that the boys and girls in the service must be away from home and their families at Christmas time, but it seems that is the way things are destined to be at times.

Let us hope and pray that God will care for those away and bring them all safely home. May the world live in peace.

Many of us must work at this time that others can have a more enjoyable Christmas season—a chance for them to pray, a chance to help others and a chance to have Christmas as it was meant to be. My greetings to all.

federal reserve board that, just as if manipuand credit will be used recession, so it plans to ep to halt any boom to set out of hand.

nessmen are faced with the prospects that the ness tax rate and the will be allowed to April as was promised

for Commerce Secre- business advisory coun- cil say they believe businessmen won't kick too much when the matter comes up in congress.

If taxes are to stay high to help hold down the treasury deficit, businessmen have other points in the program to evaluate.

Notice that Defense Secretary Wilson will ask congress to appropriate five billion dollars more for defense in the coming year would seem to put a firm floor under arms spending.

Cuts in this form of government spending were a leading factor in starting the recession of a year ago. With defense spending leveling off at around 35 billion dollars a year, and with a chance of even increasing a little in the months ahead, the economy won't have to withstand any more shocks from that direction.

Spending on highways, moreover, will be a spur to many industries that supply the construction industry.

Directors for Water Panels Are Selected

Directors of four irrigation districts in Magic Valley were elected Tuesday but the results of one will not be announced until a meeting of the board on Monday.

The names of the two directors who won the election in the American Falls reservoir district No. 2 for the Richfield area will be announced Monday. Candidates were Lewis Crothers, precinct 4, and A. J. Johnson, precinct 3. Since they were the only two candidates, it is probable they were reelected unless unseated by writein candidates.

Edgar W. Moorman was unseated as a director of the Milner Lowline Irrigation district by Earl Sears by a vote of 75 to 54. Sears was in charge of the distribution of water during the year as watermaster of the district. Voting took place at the Lyle Brown store. Final count was announced by Lyle Brown, clerk of the district. Moorman was given a three-year extension on his contract by the board of directors last week.

Charles Nisson was reelected director of the Little Wood River irrigation district at Carey with 101 votes to 90 for Cloyd Meacham.

E. J. Moldenhauer, Heyburn, was elected director of the Minidoka Irrigation district with 254 votes. His opponent, Norman Vandevanter, received 70 votes. Moldenhauer replaces Roy Marquess, Paul, who did not seek reelection. Marquess, however, received 111 writein votes in the election.

Air Force Signs Four Valley Men

Enlistment of four Magic Valley youths in the air force is announced by M/Sgt. Harry Marsh, recruiter here.

Undergoing recruit training at Parks air force base, Calif., are *Kenneth A. Spencer*, 18, son of Mrs. T. O. Bates; Samuel F. Mahrer, 18, son of Mrs. Cora Gunderman, all Kimberly, and Eugene M. Platt, 18, son of Mr. and Mrs. Otto Platt, Buhl.

John W. Kibby, 22, Gooding, reenlisted as airman third class and was sent to Lackland air force base, Tex., for a three-week refresher course.

CHAIRMAN

IDAHO STATE COLLEGE, Pocatello, Dec. 15—Ruby McElmurry, Twin Falls, was general chairman of the annual Christmas formal dance sponsored by the sophomore class at Idaho State college.

Keep the White Flag of Safety Flying

Now 12 days without a traffic death in our Magic Valley.

Honey Meets Report Given

OAKLEY, Dec. 15—Reports of experiments with bees in seed and fruit pollinization were discussed during the annual convention of the Idaho State Honey Producers association during the week-end at Boise. Archie Stapley, Oakley, newly-elected vice president, reported Wednesday.

The association heard Roland Portman of the U. S. extension service at Moscow discuss use of bees for pollinization during the first day of the meeting. William Barr, College of Idaho, Caldwell, also discussed experiments with bees and seeds and reported cooperation among farmers in insect control problems.

Speakers Saturday included John W. Holzberlein, Meeker, Colo., who reported on the control and treatment of the disease, "European foul brood," and Dr. George E. Bohart, Logan, research specialist for the U. S. agriculture department. He talked on "Use of honey bees in legume seed pollinization."

Other officers elected Saturday were Lawrence R. Budge, Malad, *president*, and *Dewey S. Olsen*, Preston, secretary.

Charles Augustine Claimed by Death

JEROME, Dec. 15—Charles L. Augustine, 78, died Wednesday at a nursing home in Jerome.

Mr. Augustine was born July 17, 1876, at Hermann, Mo. He had lived in Idaho since 1900 and at Jerome since 1935. He had been a farm worker.

Surviving are ons brother, Edward Augustine, Morrison, Mo., two nephews, Elmer Moeller and Edgar Moeller, both Jerome, and a niece in Portland.

Requiem mass will be celebrated at 9 a.m. Saturday at the St. Jerome Catholic church by the Rev. Father E. A. Schermannson. Concluding rites will be held at the Wendell cemetery under the direction of the Beuhler mortuary.

Jobs Decrease

Job openings decreased by 58 in Magic Valley last week under the previous week, reports R. S. Cutler, Twin Falls employment office manager.

Openings last week totaled 78. Nearly all of the decrease was in the wholesale and retail trade industry and resulted from fewer calls for warehouse workers. There have been *no large scale layoffs, Cutler notes.*

Magic Valley Funerals

JEROME—Requiem mass will be celebrated for Charles L. Augustine at 9 a.m. Saturday at the St. Jerome *Catholic church by the Rev. Father* A. E. Schermannson. Concluding rites will be held at the Wendell cemetery.

GOODING—Funeral services for Virgil E. Daniel will be held at 2 p.m. Friday at the Gooding LDS church with the Rev. Kenneth Whitney, rector of the Episcopal church, officiating. Concluding rites will be held at Elmwood cemetery. Friends may call at the chapel from noon Thursday to 1:30 p.m. Friday.

BUHL—Funeral services for Leo Duggan will be conducted at 2 p.m. Friday at the Albertson Memorial chapel with the Rev. Carl Losser, pastor of the Clover Trinity Lutheran church, officiating. Final rites will *be conducted at the Buhl cemetery.*

GOODING—Funeral services for Mrs. Melvina Crane will be held at 11 a. m. Thursday at the LDS church with Bishop A. Carl Anderson officiating. Final rites will be held at Soda Springs.

DIETRICH—Funeral services for Mrs. Mary Elizabeth Hollibaugh will be held at 2 p.m. Thursday at the LDS church in Shoshone with the Rev. Russell Myers, pastor of the Jerome Christian church, officiating. Concluding rites will be held at the Shoshone cemetery. Friends may call at the funeral home until 1 p. m. Thursday.

GLENNS FERRY—Funeral services for Mrs. Melvina Crane will be held at 11 a. m. Thursday at the LDS church with Bishop A. Carl Anderson officiating. Final rites will be held at Soda Springs.

Grange Here Picks Panels During Meet

Committees for the coming year were appointed at a business meeting of the Knull Grange Tuesday evening at the Community hall.

Included were Marvin Arnold, chairman, and Albert Cedarburg and Tom Allworth, executive committee. Cedarburg was named to head the finance committee and Allworth legislative committee chairman. Other members of the executive committee serve on the finance and legislative groups.

Other committees, chairmen listed first, include: Gene Hull, Bryan Priest and Willard Swartley, resolution committee; Elmer Dossett, Kenneth Parks and Leslie Jones, program committee; Tom Dossett, Mrs. Lyle Brown, Mrs. Lyle Skeen, relief committee.

Mrs. C. E. Grieve, Mrs. Kate Kevan and Mrs. Richard Carter, home economic committee; Mr. and Mrs. Bryan Priest, membership and hospitality committee; Mr. and Mrs. Tom Allworth, community service.

Tom Knight, business agent; Mrs. A. F. Harper, reporter; Mrs. Tom Knight, pianist; Charles Grieve, building and property chairman.

Master Ed Harper reported on the state grange convention and presented the Knull Grange a check for $20 for participating in the achievement contest.

Members voted to hold quarterly birthday dinners for members during the coming year with the home economic committee in charge of arrangements.

Members were reminded by Elmer Dossett that Wednesday is safe drivers day and urged them to cooperate in making the day accident free.

The membership application of Mr. and Mrs. L. C. Farris, Twin Falls, was received.

The program included a poem on safety by Carol Jones; a tableau of the Nativity scene presented by the children of the district; a song by Marilyn Swartley and Carol Jones and Mrs. Tom Knight read a portion of the Christmas story from the Bible.

An appearance of Santa Claus with gifts concluded the meeting.

More Snow Falls Through Valley

Light snow began falling in Twin Falls shortly after noon Wednesday, following on the heels of a heavier fall of snow in the northern part of the valley.

Ketchum had an additional two inches of snow Wednesday morning. Hailey had one inch and the area in the vicinity of the Craters of the Moon had one-half inch, the state highway district office at Shoshone reported.

The office also reported highways in the northern part of the valley were snow-covered and in slick condition. All other highways in the district were dry and clear of snow as of Wednesday noon.

Skies throughout the valley were overcast throughout the day although the sun made several efforts to break through during the morning.

Burley Area Man Dies at Age of 89

RUPERT, Dec. 15—Henry Andrew, 89, Burley area farmer since 1914, died Tuesday at a Blackfoot hospital.

Mr. Andrew was born Nov. 14, 1865, in Missouri. He married Anna Nelson approximately 60 years ago in Omaha, Neb. She died seven years ago. Their only son died 30 years ago.

Mr. Andrew is survived by a half sister, Mrs. Emma Dunn, Indiana, two grandsons and two great-grandsons.

Funeral services are pending at the Goodman mortuary.

Appear in Court

Two Twin Falls residents were sentenced to five days in the city jail Wednesday when they appeared in Twin Falls police court and pleaded guilty to charges of being drunk on a public street.

Committed to jail were William Wilson, 47, Waverly apartments, and A. J. Brouillette, 54, Douglas hotel. The men were arrested Tuesday night.

Twin Falls News in Brief

Society to Meet

The Fifth ward Relief society will hold their literature meeting at 2 p.m. Thursday in the LDS tabernacle. Mrs. Leonard Mauss will give the lesson.

Birth Reported

Word was received Sunday by Mr. and Mrs. Leland Hansen of the birth of a son to Pfc. and Mrs. Vernon A. Hansen, Ft. Huchucka, Ariz., their son and daughter-in-law, Mrs. Hansen is the former Emma Baker.

File Applications

Two new building permit applications have been filed at the city hall. Cleo Humphrey, Twin Falls, plans a 26- by 51-foot residence including an attached garage to cost about $7,500. Morris Vavold, Kimberly road, plans to remodel half of a double garage for living quarters. Cost is estimated at $400.

Club to Meet

The Toastmistresses club will meet at 9 a. m. Friday at the Rogerson hotel.

School Plans Program

A program, "Spirit of Christmas," will be presented by first grade students at 7:30 p. m. Thursday at the Washington school. Parents of first grade students are invited.

PTSA Meeting Set

The music and drama department of the senior high school will present the program for the PTSA meeting at 8 p.m. Friday in the senior high school gymnasium.

Tour Times-News

Students of the sixth and seventh grades of Memorial Lutheran school toured the Times-News offices and plant Tuesday afternoon. They were accompanied by C. E. Arthur, instructor, and Mrs. John Stephens, room mother.

Party Planned

The sixth ward LDS Relief society Christmas party will be held at 2 p. m. Thursday at the church. A Christmas program will be presented. All members are urged to bring donations for the Christmas basket. *Nursery care will be provided.*

City Manager Sees Use for Radar in T. F.

Possible use of radar to control speeding within Twin Falls was advanced by Joseph Latimore, city manager, who addressed the Lions club Wednesday noon at the Park hotel.

Latimore's talk featured the club's observance as Safe Driving day Wednesday. The organization is pledged to cooperate in the safe driving program throughout the year.

Twin Falls may purchase a radar speed testing device for use within the city next spring, Latimore revealed. Whether or not the device is acquired for local use depends upon how well the public accepts the "electronic cop," he said.

Latimore questioned whether the *people "actually want to drive safely."* He said people in all walks of life "from millionaires to the common man, any church group, members of any service club all will have accidents."

Therefore, he said, it does not appear as though the people are interested in safety if they can walk home after a car drive. When the people prove they are interested in safe driving, then the highways will be safe," he concluded.

Dewain Silvester announced the club's annual Christmas party for members and children will be held at 7 p.m. instead of 7:30 p.m. Thursday at the school auditorium. All members and their families are invited.

Tickets for the fourth annual Miss Twin Falls County pageant Dec. 29 at the junior high school auditorium are on sale, reported L. Z. Bartlett, ticket chairman.

Tickets may be obtained from any member. Children and student tickets will be available at the door the night of the pageant only, he said.

A film, "The Eager Minds," concluded the meeting. The Idaho Power company was in charge of the program.

U. S. Farm Chief Addresses Group

NEW YORK, Dec. 15 (AP)—Secretary of Agriculture Ezra Taft Benson said today maximum agricultural progress can come only with a minimum of government regulation and control.

He stressed repeatedly the necessity for as much freedom as possible for agriculture and said the new flexible price support program was a step in the right direction.

Benson spoke at the 45th annual convention of the American Farm Bureau federation being held in Manhattan center here.

He was optimistic about prospects for the farmer, both on a long and short range basis, and indicated price problems would be reduced as surpluses are gradually reduced.

Six of every 10 cars bought by Americans in 1953 were purchased on the installment plan.

Dulles Meets Ministers of Big 3 Powers

PARIS, Dec. 15 (AP)—U. S. Secretary of State John Foster Dulles arrived in Paris today for a series of crucial high three and North Atlantic Treaty Organization (NATO) meetings.

The meetings will:

1. Determine whether military or *political leaders will be empowered* to press the trigger of atomic retaliation if the Communists attack.

2. Shape future western policy toward Russia and Red China.

A compromise was reported shaping up on the heated question of when and how the west should bring in a atomic arms if to action in the event of Red aggression.

The dispute—in which Britain and the United States found themselves on opposite sides of the fence—revolves around the generals who want instantaneous atomic reprisal, and the European governments who want to be consulted before American atomic weapons are used.

Agreement already has been reached that there must be no serious delay and that Russia and her Red allies must be put on notice of the west's policy of instant retaliation. But Dulles and top ministers of the NATO member countries will have to work out the details.

Dulles was accompanied to the conferences by Secretary of the Treasury George M. Humphrey, Deputy Defense Secretary Robert B. Anderson and Foreign Aid Administrator Harold E. Stassen and a staff of nearly 40 American experts.

Authoritative sources said France will present a compromise plan at a big meeting tomorrow. The plan was said to call for establishment of "standing group" which would be consulted by the military on the use of atomic weapons.

PANEL MEETS

JEROME, Dec. 15—The Jerome school board met Monday to approve $3,152 in bills and to discuss the milk program in the schools. The home economics dinner was announced for Thursday night.

An assistant is sometimes just another employe that the boss has *to help.*

Yule Program Scheduled for Lutheran Tots

A program, "Glad Christmas," will be featured during the children's service of the American Lutheran church at 7:30 p.m. Sunday with members of the Sunday school departments participating.

The program is divided into five parts, "Glad Message," "Glad Faith," "Glad Worship," "Glad Stewardship," and "*Glad Life.*" The divisions will be introduced by Barbara Sande, Scott Nelson, Sandra Running, Iris Meyer and Ray Hale.

"Speaking choirs" comprised of students of the five departments of the Sunday school will recite a portion of the program each.

They include Patricia Anderson, Carl Helms, Brenda McIntyre, Carol Nelson, Donald Sande, Dale Thompson, Gale Totterson, Larry Young, Joan Glans, Hope Hale, Bill Jepson, Karen Sande, Cathy Anderson and Conrad Erasmus, interpreters. Teachers are Mrs. A. Woodley and Mrs. Edsel Hale.

Karen Gates, Roy Helms, Sharon Patterson, Janet Purves, Richard Running, Robert Running, Marilyn Stover, Gary Tostenson, Larry Anderson, Jerry Tell, Kenyon McIntyre, Linda Johnson, Jan Peters, Douglas Tell, Cathy Spring, Mike Young and Karen Wolff, junior department. Teachers are Mrs. M. Jepson and Mrs. C. H. Meyer.

David Young, Wanda Stover, Paula West, Anita Sande, Jerry Ann Helms, Charles Jepson, Keith Borah, Dennis Ehresman and Teddy Hoggert, primary II, taught by Mrs. O. B. Reltz.

Terry West, Ronnie Hardman, Janice Spring, Linda Seefried, Doris Patterson, Kerry McIntyre, Tom Hoggert, Gary Oberg, Nancy Nelson, Patty McIntyre, Douglas Borah, Lois Ann Hardman, Christine Sande, Jon Helms, Billy Thomas, Neal Ehresman and Vicki Lynn Seefried, primary I and beginners. Teachers are Mrs. Forest Stokesberry and Mrs. C. Helms.

Parley Postponed

HAILEY, Dec. 15—Because of a lack of a quorum, the meeting of the Blaine County Livestock Marketing association, slated for 8 p.m. Tuesday at Carey, has been postponed to 2 p.m. Dec. 21, County Agent James Wheeler reports.

The rescheduled meeting will be held at the Blaine county courthouse in Hailey. Two directors will be elected to replace W. V. McAtee and Valdo Benson whose terms are expiring. Marketing of wool for next year will be discussed.

Boys Missing

GOODING, Dec. 15—Three Wendell boys have been reported missing since last Friday evening. They are Larry Merrett, 17; Jimmy Jennings, 14, and Leon Davis, 16.

When last seen Merrett was wearing a dark jacket and a brown coat with a fur collar. Jennings was wearing levis and a heavy coat with a fur collar and Davis was wearing a blue jacket and levis.

Railroads File Damage Claim Against Firm

WASHINGTON, Dec. 15 (AP) — Twenty-three western railroads filed counterclaims for 100 million dollars in damages in U. S. district court today against Riss and company, Kansas City, trucking firm.

The railroads charged "illegal and unauthorized operations by Riss in hauling of explosives and other commodities between certain points in the west over a period of 12 years."

Tell of Alleged Revenue

They contend they were deprived of revenues believed to be "in excess of 100 million dollars which would have accrued to them if Riss and company had not engaged in illegal operations."

The counterclaim resulted from a suit Riss and company filed in federal court here last September asking 90 million dollars in damages from 85 of the nation's railroads and four railroad associations, alleging violations of anti-trust laws.

In November, 1953, the U. S. supreme court affirmed a decree of the U. S. district court in Kansas City which upheld a decision of the interstate commerce commission that Riss and company had engaged in numerous and extensive illegal operations.

Make Charge

The 23 railroads which filed the counterclaim suit charged that "Riss and company, beginning in or before 1940, had engaged without lawful authority in transportation of property by motor vehicle in interstate commerce between points and over routes which the company did not *hold authority from the ICC."*

They also charged that Riss has for many years aided and abetted other operators of motor vehicles to transport property without legal authority and that "Riss caused freight to be diverted and transported by motor carriers which otherwise would have been transported by railroad."

More than nine million people in the United States have some form of heart disease.

RETURN HOME

HAGERMAN, Dec. 15—Mr. and Mrs. Roy Vader have returned home after a vacation in California and Oregon.

Roll part of each dough in waxed paper and chill several hours in the refrigerator. When ready to bake, slice very thin. Place on buttered cookie sheets and bake in a hot oven, 400° F., about 10 minutes or until delicately browned.

The remaining dough may be placed in a cookie press and pressed out into fancy shapes on buttered cookie sheets. Bake at the same time and same temperature as those that are sliced. Makes about 8 dozen thin cookies.

CHRISTMAS FRUIT COOKIES

- ½ cup softened butter
- 1 cup brown sugar
- 1 egg
- 1¾ cups sifted all-purpose flour
- ½ teaspoon salt
- ½ teaspoon soda
- ¾ cup coarsely chopped pecans
- ¾ cup candied or Maraschino cherries
- ¾ cup chopped dates
- ¼ cup buttermilk

Cream together the butter and *brown sugar. Add unbeaten egg* and beat well. Sift together the dry ingredients. Add to creamed mixture along with the fruit and buttermilk. Drop by teaspoonfuls on lightly buttered cookie sheets, about 2 inches apart. Bake in a moderately hot oven (400°) about *10 minutes. Makes 35 to 40 small* cookies. Both red and green Maraschino cherries, cut crosswise in slices may be used.

...cookie recipes are presented by the Idaho Dairymen's Association and your local dairymen.

NATIONAL REPRESENTATIVES
WARD-GRIFFITH COMPANY
San Francisco, California

LET'S FORGET IT

The cry was heard in 1946 and now it is heard again: *The President should* resign because the country has voted into power a congress of the opposite party. But the argument has little merit, and ought to be abandoned once and for all.

First, any President who followed that course would be setting a pattern that other succeeding occupants of the White House would presumably be expected to match. And the net effect of such a practice would be to reduce the presidential term from four to two years, except in those fortunate periods when his party held congress throughout the whole elective span.

The U. S. Constitution clearly specifies *four years* as the President's term, and it seems unwise to suggest that it be amended by resignation.

Second, if it did become the practice to quit when a hostile congress was voted in, *then any* President would feel compelled to conduct an off-year election campaign every bit as exhausting and time-consuming as the presidential campaign itself.

There is absolutely nothing to recommend this. It is bad enough that members of the house of representatives must seek re-election every two years. In a very real sense they never cease campaigning. Neither would the President if congressional defeat led surely to his resignation.

Ask any congressman and he will almost certainly tell you he has just begun to learn his job as his freshman term is ending. He really needs two or three terms to become a seasoned lawmaker.

For the President, the problem is far more acute. His burdens of administration are tremendous. In two years' time, he can hardly get past the beginnings of his legislative program. The time is too short to judge his effort properly. If, on top of this, he were called on to electioneer like a congressman, his opportunities for convincing performance would be even fewer.

A third objection to the resignation proposal is that it *rests on a couple of false assumptions*—that the people mean to repudiate their President when they elect a hostile congress, and that no President can function successfully unless his own party controls capitol hill.

Even a landslide defeat for a President's party in congress doesn't necessarily indicate his repudiation. Witness 1938, when Republicans gained 80 house seats only to lose resoundingly to Franklin D. Roosevelt again in 1940. Certainly the 1954 Democratic gain of 17 house seats and a 48-47 senate edge is no whopping mandate against President Eisenhower.

Furthermore, Presidents have for a long time been functioning with—or against—hostile congressional aggregations, with from fair to surprisingly good results.

In 1947 and 1948, when President Truman was in the White House and congress was Republican, *some of the most important foreign* policy legislation in this nation's history was adopted—Greek-Turkish aid, the Marshall plan, the North Atlantic treaty.

The late FDR operated from 1938 through 1944 with a congress which, while nominally Democratic, often aligned in conservative Democratic-Republican coalitions that fought him. Yet we were able to prosecute successfully the greatest war in our history.

Even on domestic matters, Mr. Truman hardly fared better with a Democratic congress than with the Republican 80th. Mr. Hoover is perhaps the most striking modern example of one who did suffer from such a division of control.

But on the whole, this argument, like the whole case for resignation after a midterm election reverse, is weak. Let the President travel the full course.

RED 'RECOUNT'

Vote recounts in this country are an old story. Sometimes they're ordered because somebody suspects something fishy. Sometimes it's just that the outcome is so close the candidates figure a recheck might eliminate a lot of unintentional errors. Enough, anyway, to change the result.

In the communist world, the recount was a practice almost unheard of until Poland bobbed up with an *order for one the other* day. Who needs a recount when there's only one slate of candidates?

The Polish reds decided they did. They don't think some of their villagers showed enough enthusiasm for the cut-and-dried communist ticket put up recently.

So they've told townsfolks in 11 small communities to get back into the polling booths again and demonstrate a little more love for their communist leaders. We have no doubt that the demonstration will be forthcoming.

Of course, the reds could have got a better tally just by tampering with the figures. But probably they thought it would be much more fun to run the sheep through the dip *again. A good lesson to* those whose Communist spirit may be sagging a trifle.

A writer says the speed limit will be 100 miles per hour in a few years. That will make some drivers slow down.

Alcohol in the trees colors the leaves, says a bulletin. Maybe the red nose theory is correct.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON — President Eisenhower's program for private or "partnership" development of the nation's power resources has been *approved many times* by the very people who now embrace the Dixon-Yates TVA-AEC contract as a "giveaway" scheme.

Ray Tucker

The inconsistency accounts for Republican retorts that the Democrats seek only partisan gain in the current controversy.

Ironically, two agressive sponsors of the most recent example of the Eisenhower "partnership" idea are the two Alabama senators—John J. Sparkman and Lister Hill. Both now maintain that the Dixon-Yates proposal constitutes an attempt to destroy TVA, apparently forgetting that they urged a similar arrangement on the senate floor as recently as last summer.

In 1952, the Democrats' 1952 vice presidential nominee, (Sparkman and Hill, an enthusiastic public power advocate, on certain occasions, the Eisenhower plan was also endorsed by the governor of Alabama and the congressional delegation from that state. It finally won the unanimous approval of the senate public works committee and of both senate and house.

• • •

COOSA RIVER DAM—The project involved in the Sparkman-Hill flipflop concerned the construction of a power dam at Howell Mill Shoals on the Coosa river, which runs along the Alabama-Georgia border. Like the proposed Dixon-Yates dam at West Memphis, the Coosa river hydroelectric structure would be built on the fringe of TVA territory.

The Coosa river construction was authorized as a federal public power proposition by congress in 1945, but no money was provided for it. All subsequent attempts to obtain funds have failed on capitol hill, despite Truman-Chapman urging. For several years, this delay has deprived the area of needed energy for industrial and residential use.

In this respect, the Coosa river situation resembles the Dixon-Yates affair. Congress had authorized a TVA dam at Fulton, Tenn., but had refused to provide money for construction. It was then that Ike turned to private interests for a *solution of the deadlock.*

• • •

DELAY DISTURBING—Local interests were so disturbed by the delay that they sought the aid of the *Alabama Power company, which serves this area.* Finally, Alabama Power is a *subsidiary* of Southern company, which is headed by Eugene A. Yates, and is one of the two firms now under Sparkman-Hill attack for its participation in the TVA-AEC contract at West Memphis.

Alabama Power offered to build the hundred million dollar Coosa river dam, but suggested construction of five instead of only one to meet growing needs. It also agreed to provide for the flood control and navigation features which the federal government insists upon as adjunct features.

In short, the company agreed to undertake a comprehensive development of the river under full regulation by the federal power commission. This is the essence of the "partnership" philosophy.

• • •

PROJECTS ALIKE—Senators Sparkman and Hill led the fight for de-authorization of the 1945 federal program on that Alabama Power company could proceed ahead with immediate *construction. But now, although* the two projects are as alike as peas in a pod, they assail the Dixon-Yates deal as an administration conspiracy against the Tennessee Valley.

Incidentally, public power advocates from the northwest supported the Coosa river arrangement, although *they also denounce the Dixon-Yates plan,* as well as the proposal to establish a similar "partnership" setup at Hells Canyon.

Senators Albert Gore, Tennessee, and Warren G. Magnuson, Washington, expressed lest congressional action on the Coosa river be interpeted as repudiating the program of federal power development along new dell lines. But they raised no objection when it was pointed out that congress had frequently approved the "partnership" idea on many other projects throughout the country, especially in the northwest and far west.

If additional proof were needed, this episode apparently demonstrates that opposition to the Dixon-Yates contract is inspired, as the *White House* believes, by "partisan politics."

VIEWS OF OTHERS

GETTING UP TO DATE

Calendar reform, like simplified spelling, is an excellent idea. The difficulty so far has been to get the nations of the world to go along. Now a first step is being taken. The Economic and Social Council of the United Nations has asked all governments to submit their views on the *subject for consideration at a council* meeting in New York next May.

Most prominent among proposed reforms is one sponsored by the World Calendar association which would divide the year into four equal quarters of ninety-one days each. The year would always begin *on Sunday, Jan. 1, and end on Saturday, Dec. 30.* This accounts for 364 days; the 365th would be Worldsday, an international holiday assigned to no month falling between Dec. 30 and Jan. 1. In leap years a second Worldsday would be celebrated between June 30 and July 1.

The telling argument for a new calendar is the fact that the old one is uneconomic and confusing. Under the present system, there are 14 variations of calendar years and 28 different kinds of months. Quarters are of unequal length and can begin or end on any day of the month. Holidays wander all over the place. All this snarls up bookkeeping, merchandising and other comparisons difficult and even interferes with negotiating union contracts. If a holiday falls on Sunday, does the worker get paid for the day he didn't work or does he take another day off?

Nineteen sixty-one, when Jan. 1 is on Sunday has been set as the target year for starting the reformed calendar. *That means the U. N. economic and social* council has just six years in which to agree on reform and to get the nations of the world to go along. The council hasn't much time, considering human resistance to change, not to mention all-too-human apathy. We wish the calendar reformers well, for they have a sensible proposal. But we advise them to step up their selling campaign.

Not enough people know—or care—about calendar reform at the moment.—Salt Lake Tribune.

VOTE "NO!"

Vote "no" in the special election for the proposed creation of a Twin Falls county junior college district.

Approval of the proposal would mean that 50 per cent of all-state liquor funds presently apportioned to Twin Falls county and cities and incorporated villages in the county would go to the college district.

In effect, this would be a raid on the *county general* fund and on an important tax fund source of cities and incorporated villages in the county.

In addition, creation of the junior college district would mean additional taxation for maintenance, and operation and paying off any bond issues which might be considered necessary for the college.

This additional tax would not only be a burden in itself but would make it more difficult for other tax-supported services to obtain money for needed expansion and improvement.

This is particularly true of local school districts where prospects are for further growth in enrollment.

Vote "no"!

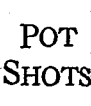

The issue will be decided by a simple majority of the votes cast. This means that it could pass or be rejected by a single vote, and your vote will be important. —Kimberly Advertiser.

THE CENSURE OF SEN. McCARTHY

"I wish," says an elevator-operator friend of ours, "that there were some way to ask those 13 Americans in Red Chinese jails whether they would have voted to censure Senator McCarthy."

For our part, we are still hopeful that the criminal Communist conspiracy to overthrow the United States government by force and violence will some day, somehow, be smashed to bits. At this time, however, it looks as if the people of the United States cannot be counted on to contribute importantly to that result. A sad prospect, we think, and a shameful one.—New York Daily News.

POT SHOTS

ANYONE DOUBT IT?

Dear Pots:

Yes, there actually is a Santa Claus. Look around you. Better yet, look in the mirror.

For something like a quarter of a century now you and I and the other guy have been playing Santa Claus to ourselves and trying to kid ourselves into believing "someone else" is footing the bill.

No, friends, you can't be Santa Claus via the route of federal government handouts. That's like giving someone a buck to go down to the corner to buy you a pack of cigarettes and then *giving them to* you to keep the change!

I. Payandpay
(Twin Falls)

KITTENS FOR KIDS DEPT.

These four kittens are 2 months old. You can pick them up at the Ralph Taylor residence, 205 Addison avenue.

• • •

Weaned and housebroken, these real fuzzy kittens are half Persian. One is yellow and two are coal black. You can get them by phoning 1253-W.

• • •

WONDERFUL STUFF...

The "Dear Venerable Editor" has received another of those letters from Lagos, Nigeria, from some young fellow just busting to exchange letters—"and free gifts"—with someone in this country. The letter follows the usual style of those printed here in the past, including one just a few days ago. If any of your good constituents is interested, we'll hang onto the letter for a few days.

Of greater interest, is the "envelope" used to send the letter. It is merely a page torn from the "Daily Times." The one-page letter was rolled up in the page from the paper and the latter was glued shut. Then a white strip of paper was *pasted on* for the address and stamps.

The paper? Well, it appears to be right unusual. But one ad caught our fancy. It reads merely, "With or without gin Rose's Lime Juice *makes thirst worth while.*"

• • •

PUPS FOR KIDS DEPT.

This black and white cocker spaniel male, 4 months old, needs a new home. You can get him from Ricky *Hayes, two miles north* and one-half mile east of Five Points west.

• • •

Here's a good one, a black cocker spaniel puppy, female, 7 weeks old. You can phone Twin Falls 2333-W.

• • •

ORCHIDS

Dear Pots:

We suggest a bouquet of orchids for Jerry Dillenger, Jerome's affable basketball coach, for the fine display of sportsmanship at Friday night's basketball game.

Mr. Dillenger purposely kept the score close by playing his second and third teams almost all of the second, third and fourth quarters. It appears that coaches are human after all. Thanks Jerry.

Bruin Booster

OUR BULLETIN BOARD

Mrs. G. C., Twin Falls—Thanks for thinking of us, but we're returning the clipping to you. We've got such a pile of similar material—all original by our good constituents—that we'll never get it printed. And anyway, we avoid reprinting items from other papers unless such material is out of this world. Thanks, again.

• • •

FAMOUS LAST LINE
"... He even looks like Scrooge!"
GENTLEMAN IN THE
FOURTH ROW

HOW THINGS APPEAR FROM PEGLER'S ANGLE

There seems to be a desperate determination among those who operate the enormous mass of wealth in the tax-exempt foundations to prevent a public disclosure of the nature of Fabianism and its progress in Great Britain.

Westbrook Pegler

You may remember that the so-called Buchanan committee of the house of representatives, organized to investigate "lobbying" actually caused Dr. Edward A. Rumely, of the committee for constitutional government, to be sentenced to prison for refusing to name individuals who had bought from that organization quantities of John T. Flynn's warning against Fabianism here, entitled "The Road Ahead."

Rumely's conviction was reversed by the supreme court, but the old boy had plenty of courage and he would have gone, if it had been necessary, to dramatize the determination of certain forces to silence anyone who makes an effective fight against communism and Fabianism, which is admittedly a way-station on the way to communism.

Frank Buchanan, the chairman of that committee, was a common, cheap swindler and the disclosure in these despatches of three indictments against him doubtless drew attention to the perfidy of the job which the committee was doing.

In this work, Buchanan had help from Isidore Lipschutz's non-sectarian anti-Nazi league, which also has the privilege of "tax-deductibility" you good constituents is interested, we'll hang onto the letter for a few days. *internal revenue, offering to prove that it spends some of these "tax-deductible" contributions spying on* individual, law-abiding citizens and stealing documents from them. It enjoys "tax-deductibility" on the ground that its work is "education-al."

• • •

Andrews does not seem interested in receiving evidence to the contrary. It is my contention that the Eisenhower administration is not sympathetic with inquiries into tax-exempt foundations. We will all be better able to judge as to that when the report of the Reece committee is published.

There have been two great American books on Fabianism, "The Road Ahead," which got the business from the book-burners and log-rollers of the metropolitan book-departments, and Sister Margaret Patricia McCarran's "Fabianism in the Political Life of Great Britain."

Congressman Wayne L. Hays, Ohio, a Democrat who did a job of obstruction on the Reece committee's investigation of tax-exempt foundations, caught his tail in a crack in the service of his party. It *was bad enough to sabotage the in*quiry and to engage in conduct so brazen as to provoke Carroll Reece, the chairman, to a formal complaint on the floor of the house. But his insulting remarks about Sister Mar*garet Patricia have been taken up* on her behalf by Bishop Bryan McEntegart, the rector of Catholic university, Washington, and on behalf of the university, too.

And there is now on record a letter from Arthur H. Conrad, Chicago, president of the Heritage Foundation, Inc., which published Sister Margaret Patricia's work.

Incidentally, there are available only 3,000 copies and Mr. Conrad expresses a hope that they will be bought by libraries, colleges and sincere students. He obviously will have no trouble selling them but there is a risk that they will fall into the hands of the New York bookburners.

Mr. Conrad's letter to the Reece committee is much too long for this space, but I *will try to summarize* the main points. By the way, Dr. Pearson wrote on Nov. 1: "The attack on Hays for allegedly 'insulting' a Catholic nun is about the silliest accusation of this campaign of smear, half-truth and political grave-digging into the past. Anyone who knows Hays knows he would be the last main in congress to assail someone incapable of hitting back, particularly a religious person."

Mr. Conrad flatly says in the record: "The remarks by Congressman Hays are so full of insinuations that this attack on the integrity of the university and on the sisterhood of a nun should not be allowed to stand unanswered. The obvious smear technique used by Hays to discredit the reputation of a highly reputable teacher in an outstanding university must not go unchallenged."

Conrad then said Hays' insinuation that Sister Margaret Patricia took an unusually long time to get her degree of doctor of philosophy was absolutely false. On the contrary, she earned her degree in an unusually short period of time." He explained also that the sister was working as a full-time college teacher in Oakland, Calif., and said some sisters require six, seven or more years to "meet all residence requirements for a doctorate." She got hers *in four years.*

As to Hays' charge that the sister's degree was obtained only by "pressure," Bishop McEntegart wrote that it was "absolutely false."

Conrad wrote that the university *had never granted any degree* which was not deserved. He then said as the published record shows:

• • •

"The remarks of the congressman constitute a stigma on the faculty of *Catholic university; on the honesty* and character of its students who, for the most part, are devoted, self-sacrificing nuns, priests and brothers of every religious order in the Catholic church. The attack upon the character of Sister Margaret Patricia as a nun, devoted to a life of teaching with a vow of poverty and complete worldly abandonment, is one of the most irresponsible, thoughtless and uncharitable acts that has ever come to my attention."

Sam Rayburn, Texas, picked Hays for this job and will receive a share of the responsibility. The reason why he selected Hays is commonly known in congress. There was a "job" to be done to protect tax-exempt foundations *from successful inquiry* and Hays' character and reputation recommended him as the obvious one.

However, Rayburn could not foresee that Hays would attack a nun and one of the leading Catholic in*stitutions of learning, nor that Ei*senhower, by forcing through the "condemnation" of Joe McCarthy for much less offensive conduct would put him and Hays and, for that matter, Ike himself on the spot.

Visits Reported

DIETRICH, Dec. 15—James Casper, Albertson, Mont., is visiting Mr. and Mrs. A. B. Scott.

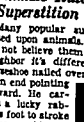

Mr. and Mrs. Delvin Johnston have returned from Salt Lake City.

It's That So!

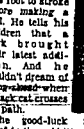

By Eugene Burns

Animals' Rule Large in Superstition and Lore

Many popular superstitions are based upon animals. Of course you do not believe them but will your neighbor it's different. He has a horseshoe nailed over his back door,

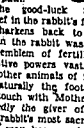

open end pointing upward. He carries a lucky rabbit's foot to stroke before making a deal. He tells his children that a stork brought their latest addition. And he wouldn't dream of going aboard when a black cat crosses his path.

Eugene Burns

The good-luck belief in the rabbit's foot is not new. It harkens back to ancient days when the rabbit was recognized as an emblem of fertility, with procreative powers vastly superior to all other animals of its size.

Naturally the foot, which came in touch with Mother Earth, supposedly the giver of all life, was the rabbit's most sacred part. From this may have evolved the belief that its feet were smiled upon by the gods and assured the possessor of success and prosperity.

At any rate, the bearer of the foot

today is closely attended by lucky luck. But the luck is better if the rabbit managed to skip through a graveyard just before it gave up its ghost. More better, if it is a hind foot. And most better, if it is the left one. Why left? Who knows. But the last time I took notice of a wedding ring, it was worn on the left hand, wasn't it?

Cats of old, worshipped by Egyptians, were jeweled decorations on their ears and were accorded the rank of human members of the family. Upon death, their eyebrows were shaved, they were embalmed, given elegant funerals, and laid to rest in a cat mortuary—one of which, recently excavated, contained 180,000 feline mummies.

But the belief gradually grew that among cats the black ones stood for evil. The pre-potent master of evil himself, Satan, frequently went about disguised as a cat, it was said. And any witch at all could *versant with her* be-witching was accompanied by a black cat on her nocturnal rounds. Why even today, who would dream of depicting a Halloween witch soaring through space astride a broomstick without a black cat?

These purveyors of evil—witches and devils—reduced to form of black cats—are still with us today, and mistery. Hence, heed it. Add, to be cat cross one's path, be contained that cross unless he actually cross section as a test of the cat must.

(But whatever bad luck may bring, it is more luck by over-all.)

The belief that holds by the stork originated in northwestern Europe and is reversed as to cause though even earlier, in mythology the stork was Venus, the goddess of love, wherever a pair of storks their nest atop a home Venus' blessing.

Gradually, in the belief grew that the stork flew over a house and dropped out to take possession. Legend has it that the stork, for good measure, would leave a present of these two unfortunates which resembled a human baby. It was in fact, a devil who had taken the form of a baby and in shooting it to promise that the devil never enter or destroy which the horseshoe hung.

As for the shoe itself, hung over the door of the end up, if one is to obtain the charm—thus the luck are caught in its heel. The luck and magic with it so in Pennsylvania where shoe is often placed on the plane with the end so that the luck can't spill its magic.

Regardless of superstitions had luck to approach from the rear without being (Copyright, 1954, by Bell

Error

TULSA, Okla., Dec. 15 (AP)—Red-faced Tulsa street department officials had to do some explaining to south side residents yesterday.

Workmen made a mistake and tore up 313 feet of their street. Supt. Wesley Beck promised the uprooted road would be rebuilt immediately.

He said his men had the right street but the wrong block.

Car Hits Pole

BURLEY, Dec. 15—A power pole was knocked down in a mishap on a county road eight miles southeast of here early Sunday.

Steve Osterhout, 43, Burley, told Sheriff LeRae Layton snow on the shoulder of the road caused him to skid into the power pole. Damage to Osterhout's 1947 Chevrolet was set at $300 and to the power pole at $50.

LICENSES SOUGHT

BURLEY, Dec. 15 — Applications for marriage licenses were made at the courthouse here Saturday by Kenneth L. Hess and Nola Ann Miller and Alma L. Peterson and Gertrude Bauer, all Burley.

Services Held for Mrs. Anna Brown

SHOSHONE, Dec. 15 — Funeral services for Mrs. Anna M. Brown were held at 2:30 p.m. Monday at the Burdett funeral home with the Rev. Joseph McLeod, pastor of the *First Baptist church, officiating.*

Pallbearers were George Roseler, Ray Webb, Louis Anderson, George Merritt, John P. Haran and S. Jensen.

Concluding rites were held at the Shoshone cemetery.

Turkeys were sent to Europe from the new world as early as 1317.

Yule Without Rationing Set Over England

LONDON, Dec. 15 (AP)—This will be Britain's first ration-free Christmas in 14 years, and the British housewife will have everything she needs—except possibly money.

Never since the war has there been so much food in the shops. Even raisins, once as precious as jewels, are piled up in heaps.

Costs are another matter. The massive annual influx of turkeys *into Britain's chief cities got started* this week, and shoppers were unhappy over the price of 7 shillings 3 pence (about $1.02) a pound for the best Norfolk birds.

Overseas turkeys, chiefly from Northern Ireland, Hungary and the Argentine, will balance the situation. Dealers predicted there will be enough to go around at prices around 70-84 cents a pounds.

There are geese to spare, and one dealer foresees more beef and pork than the market can absorb conveniently.

Japanese Offers His Life for Sale

TOKYO, Dec. 15 (AP)—*A sullen* young man with his "life for sale" kept up a lonely, chilly wait for a buyer today in downtown Tokyo. He spurned offers of charity.

Around his neck hung a neatly lettered sign: "Kono Inochi Urimasu" —"This Life for Sale."

Satoshita Morita's asking price is 70,000 yen (about $195).

The 22-year-old Japanese turned down offers of money from shoppers.

Morita said he is so deeply in debt his only way out is to sell his services for life.

In two days of waiting, no takers.

PLAN ABANDONED

Geneva Files Hold World's Peace Setup

GENEVA (AP)—More than 1,000,000 volumes of musty bound parchments and finely printed, state-sealed papers are housed in the marble palace of nations to tell the story of 100 years of man's struggle to preserve peace and freedom.

This is the library of the European office of the United Nations in Geneva, a city that saw the rise and fall of the League of Nations and which today watches the efforts of another generation of statesmen to seek peace.

The library was built with funds given by John D. Rockefeller, Jr. It occupies an entire east wing of the ancient $1,000,000 palace, picture with its 2,000-year-old [illegible] classical books.

The main entrance of the library faces the blue-green waters of Lake Leman which reaches out to a view of unparalled beauty with the snow-topped peaks of Mont Blanc rising in the distance.

On the ground floor are the offices of the library staff, committee rooms and rooms for studying manuscripts, the photostat library and the newspaper store room.

From the entrance hall two large flights of stairs lead to the first floor. Here are situated the inquiry office and the catalogues.

More than 25½ miles of dull, bronze-metal shelves run their zigzag way through the rooms which hold the carefully stacked and numbered documents.

The chief librarian will show at random the "collection of ancient Russian law from 1649 onwards" in 171 volumes, the only known complete set, or the laws of the tiny republic of San Marino, Liberia or Vatican City.

Palate Cases Get Attention

BUFFALO, N. Y. (AP)—Children *with cleft palates and harelips, once* destined to be social outcasts, are now taking their normal places in the world because of work being done by a well-integrated team of Buffalo specialists.

These handicapped children are being treated by the J. Sutton Regan Cleft Palate foundation, a pilot program financed largely by the state's department of health. They are among 250,000 persons in the United States with one or both of the congenital defects.

Some few years ago these children would have been ridiculed by their playmates for their appearance and "funny" speech, rejected or overly protected by their parents, denied the vocational opportunities for which they were otherwise qualified.

Through the treatment at the clinic, however, youngsters obtain correction of physical and psychological defects, and gain the assurance they need to lead normal lives.

The cleft palate team, headed by Dr. William E. Mosher as administrative director, consists of two plastic surgeons, two orthodontists (who correct irregularities of the teeth), a prosthetic specialist (who constructs and fits mouth appliances), a pediatrician, a speech therapist, an otolaryngologist (nose and throat specialist), a dentist and a social worker.

These specialists, meeting semi-monthly at the Children's hospital, decide the extent of treatment needed, the most propitious time for carrying out the various procedures, and generally discuss the individual cases from all angles.

DeMolay Leader Appoints Officers

Appointment of DeMolay officers by Lee Holmes, master councilor elected Dec. 6, have been announced.

Officers appointed by Holmes are Bill Aiworth, senior deacon; Garth Brown, junior deacon; Jim Bolton, senior steward; Roger Bolton, junior steward; Adrian Dean, orator; Jim Dewey, marshal; Larry Glah, almoner; Fred Crow, chaplain; Danny Langden, standard bearer; Larry Holloway, pianist; Gordon Burgess, scribe; Jerald Reuih, treasurer, and Lee Montgomery, Jerry Bacon, Gary Kleinkopf, Jon Affleck, Larry Yost, Dick White and Larry Weiberg, preceptors.

Other elected officers are Jimmy Kay, senior councilor, and Art Lindemer, junior councilor.

Installation of officers will take place at 8 p. m. Monday at the Masonic temple. The public is invited.

DINNER SERVED

BUHL, Dec. 15—Members of the Buhl fire department and auxiliary held a Christmas dinner and program Monday evening at the city hall. Hostesses were Mrs. R. H. Stewart and Mrs. Howard Hopkins. Leonard Howard showed colored slides of Banff and Glacier national parks.

Alaska Plane Crash Kills 1 And Maybe 4

HAINES, Alaska, Dec. 15 (AP)—One man was *killed and three others,* including a mental patient faced in a straitjacket, presumed dead after a coast guard Albatross plane crashed while attempting a water takeoff on Portage bay here yesterday.

Three persons survived the crash, the coast guard reported, but one man was in critical condition after being rescued from the icy waters of the harbor by local fishermen.

The body of Clifford E. Habecker, 30, a crew member from Pittsford, N. Y., was recovered. The three missing men were identified as Andrew P. Tournier, 39, Lansdowne, Pa., Doyle E. Jahn, 21, Roseland, Nebr., and Walter Hoffman, 27, Troy, N. Y. Hoffman, a mental patient who was being flown from Haines to Juneau.

Survivors were the pilot, Lieut.-Cmrd. Frederick A. Hancock, 34, Reading, Pa., and Lieut. William P. Butler, 25, Hyattsville, Md. Also surviving was U. S. Deputy Marshal Darrell Miller, Juneau.

Butler's condition was reported "critical" and Hancock was in fair condition. Miller was unharmed.

MEETING CALLED

SHOSHONE, Dec. 15 — A meeting for all Lincoln county workers in the 1955 March of Dimes will be held at 8 p.m. Wednesday at the Shoshone courthouse, E. J. Baer, campaign manager, announces.

Beetgrowers Slate Meeting in Burley

RUPERT, Dec. 15—The annual meeting of the Minidoka county beetgrowers association will be held at the courthouse here at 7:30 p.m. today announces Victor Knopp, Rupert, president of the association.

Election will be held and several speakers are expected to discuss the sugar beet industry.

Guests expected at the meeting include Orville Miller, Shelley, and Jack Claiborn, Kimberly, state president and secretary-treasurer, respectively, of the association; and R. O. Hatch, Burley, and Harry Elcock, Twin Falls, area manager and district manager, respectively, for the Amalgamated Sugar company.

PROMOTED

Storage Plan Offered Now In Pact Meet

SALT LAKE CITY, Dec. 15 (AP)—Compromise figures on water storage that would be permitted on the upper reaches of Bear river were presented today to members of a three-state commission.

E. O. Larson, regional reclamation bureau engineer, expressed hope that the members would accept them, then agree on other provisions of the proposed Bear river compact.

For more than 10 years Wyoming, Utah and Idaho have been unable to agree on proposals to divide water of the river among them. The stumbling block has been the amount of water storage that would be permitted above Bear lake.

Larson, who is serving as chairman of the Bear River Compact commission, said this amount of water storage has been proposed: 14,000 acre feet of existing storage; 35,500 additional feet of upstream storage for Utah and Wyoming, 1,000 acre feet of storage for Idaho on Thomas Fork of Bear river.

Larson said that although the states have not yet accepted those figures agreement is so near that "I don't believe there's any problem in that."

He said it "looks very favorable" for agreement in time to present the pact to legislatures of the three states meeting next month.

Rites Are Held For Mrs. Millar

BUHL, Dec. 15 — Funeral services for Mrs. Catherine Millar were held at 2 p. m. Tuesday at the Buhl First Presbyterian church with the Rev. Stanton McClenny officiating.

Soloist was Mrs. Frank Atkins, accompanied by Mrs. Leonard Leth who also played the prelude and postlude music.

Pallbearers were Dr. David McClusky, James H. Shields, Jr., Stanley A. Webber, John M. Barker, Arnold Tannley and C. D. Boring.

Final rites were held at the Buhl cemetery.

NEW STAR SOUGHT

NEW YORK, Dec. 15 (AP) — The Buick division of General Motors is negotiating with Jackie Gleason to appear as the television star's next season instead of Milton Berle, it was disclosed yesterday.

Red Craft Alert Chiang's Islands

TAIPEH, Formosa, Dec. 15 (AP)—Communist planes appeared near the Tachen islands yesterday for the second time this week and were driven off by anti-aircraft fire, the defense ministry reported.

In all, there were 15 sorties (individual flights) by MIG jet fighters and twin-engine Russian built propeller bombers between 9 a. m. and 4 p. m. in the vicinity of the strategic islands 200 miles north of Formosa, the ministry said.

Firm Is Cleared Of Discrimination

WASHINGTON, Dec. 15 (AP)—The national labor relations board found the Studebaker corporation innocent yesterday of unfair labor practices in suspending 19 workers who drove cars other than Studebakers.

The board unanimously upheld findings of a trial examiner last June that the company suspended the workers, not because they owned other makes of cars, but because their fellow employes refused to work with them.

Greeks Revile U. S. for Vote Over Cyprus

ATHENS, Greece, Dec. 15 (AP)—Anti-American violence erupted yesterday over Washington's stand on the Cyprus issue. More than 4,000 students smashed windows in a downtown Athens building housing five U. S. agencies.

The students shouted slogans both against the U. S. and Britain, which rules Cyprus as a colony.

Police supported by fire hoses made a flying charge to disperse the students, who fought back with stones and chairs snatched from sidewalk coffee houses. Sixty-five persons, including some policemen, were injured in the two-hour melee.

The outbreak occurred as the United Nations general assembly's political committee in New York began debating Greece's demand that Britain quit Cyprus. Strategic East Mediterranean island now headquarters for Britain's Middle East command. The United States has made it clear to Greece that Washington will not support this demand.

Court Judge and Secretary Marry

TALLULAH, La., Dec. 15 (AP) — Associate Justice William O. Douglas and a 37-year-old member of his Washington staff were married at her parents' home here late Tuesday.

The bride is Mrs. Mercedes Hester Davidson, ex-wife of former Asst. Secretary of the Interior C. Girard Davidson, now a Portland, Ore., attorney. They were divorced three years ago.

Douglas, 56, was divorced last year by Mrs. Mildred Douglas, who said he abandoned her while engaged in his work and world travels.

The couple left for a honeymoon trip to an undisclosed western destination.

Reds Still Won't Pay, Doctor Says

BERLIN, Dec. 15 (AP)—A West Berlin doctor said today he has been unable to collect a 2,000 mark ($476) fee he is asking from Soviet officials for consultations connected with Joseph Stalin's health in March, 1953.

Dr. Fritz Heese told reporters he has sent a bill to officials in the Soviet sector of Berlin four times but has never received an answer.

Heese said he was called in the Soviet sector shortly before Stalin's death and asked to give his opinion of reports made by Moscow doctors.

He said he concluded that Stalin was near death, and declined to fly to Moscow for further consultations.

Jurist Dies

HELENA, Mont., Dec. 15 (AP)—Associate Justice Harry J. Freebourn died suddenly of a heart ailment yesterday—just six years and one day after he first took his seat on the Montana supreme court bench. He was 64.

Freebourn was Montana attorney general in 1937-40. He served three terms as Silver Bow county attorney at Butte where he settled about 45 years ago.

Administration Wrestles Big Problem of Aid to South Asia

WASHINGTON, Dec. 15 (AP)—The President and his cabinet, trying to peer into the future, wrestle with the idea of giving help to the millions of non-Communist people in the underdeveloped areas of Asia.

Some of Eisenhower's chief lieutenants, notably Secretary of State Dulles, have indicated recently they think the chance of a shooting war with Russia has diminished and the only likely war, for some time, is an economic one.

The cabinet reportedly is divided on the answers to questions with which the administration has been struggling: Should this country pump help into Asia and, if so, how much and in what way?

This country has no guarantee that if it aids Asia the people there won't eventually go under communism by preference or internal subversion, or by aggression in one form or another.

But unless this country and its allies can give the Asians a new sense of hope and direction and therefore a reason to stay out of communism—an obvious way is economic help—the door is left wide open to the Reds.

As long as millions of southern Asians re ain in poverty and ignorance, their despair and discontent will give Communists happy hunting. And the Communists are hunting.

Congressional leaders, who conferred at the White House yesterday with the President and members of his cabinet, reportedly were told:

Russia has undertaken a program of expanding trade agreements with Asiatic countries, furnishing capital to some and technical assistance to others. The Russian program was described as calling for an outlay of 100 million dollars.

This country almost certainly would spend far more than that if it undertook an aid program, but almost certainly far less than the 15 billion dollars put into the Marshall plan to help west Europe recover from the war and stay away from communism.

That program has been generally successful in its purpose, which the administration no doubt would consider persuasive if it asks congress to approve an Asia aid program. And Senator Bridges, R., N. H., said today nothing on the scale of the Marshall plan was contemplated.

Nevertheless, any such program will run into trouble in congress, where there has been a developing feeling for years that the time has come to cut down or cut out altogether the granting of American dollar aid.

Visits Reported

FILER, Dec. 15—Mr. and Mrs. Joseph Palmer have returned to Park Valley, Utah, after visiting Mr. and Mrs. E. N. Jacoby.

Mrs. David Gohlke and son have returned to Cincinnati, O., after visiting her mother, Mrs. O. D. Latham.

Mrs. Neal Dean and family are visiting in Atwood, Kans.

Pact Reached

LOS ANGELES, Dec. 15 (AP)—North American Aviation and the CIO United Auto Workers last night announced agreement on a new, 15-month contract providing for wage increases totaling more than three and a half million dollars a year.

The contract also calls for a retirement plan, rest periods and smoking privileges for the 2,500 bargaining unit employes at the company's Los Angeles, Fresno, Calif., and Columbus, O., plants.

Printed Tome May Win New Friends, Foes

NEW YORK, Dec. 15 (AP)—A new book by Hemingway came out today. It probably won't win any prizes, but it ought to make a lot of new friends for the author, Leicester Hemingway, Ernest's kid brother.

Or enemies, depending on how wives will take to the idea of having their husbands down in the basement making booze.

The title is "Drink It Yourself" or, "The Happiest How-To-Do-It Book." It tells all you need to know to become your own bootlegger.

"But wine-making in the home is not illegal. That's the gist of the whole thing," Hemingway explained eagerly, offering a first edition of what might prove to be the greatest thing since Fanny Farmer's Cook Book.

"Few people realize it but federal law allows the head of any family to make up to 200 gallons of wine a year in his own home, tax free. You just send away for a permit and you're all set," he said.

This discovery drove Hemingway into the pursuit of wine-making as a hobby and thence into the authorship of his latest book. He already has a novel to his credit.

In his slim primer for amateur winemakers Hemingway sketches a hobby of unlimited horizons and nominal expense. No expensive power tools to buy. Basic equipment for the winemaker is a jug.

You can make your own winepress out of two boards and a piece of clothesline. Fruit is cheap, as a rule, and you can turn out five gallons of apple wine for less than $2, counting sugar and yeast.

But what Hemingway is most proud of are the recipes he unearthed in months of research.

Wine can be made out of just about anything that grows. You can make it out of rose petals or the blossoms of black-eyed susans, out of rhubarb or cabbage, or just plain grass.

The book carries the beginner through his first try at a simple squeezed-grape concoction through such exotic productions as a wine which calls for "12 pounds of sugar, two pounds of honey, four gallons of water, four egg whites, two pecks of marigold petals, two pounds of raisins, three oranges rinds, four ounces of rock candy and two cakes of yeast."

U. S. Navy Helps Grounded Vessel

TAIPEH, Formosa, Dec. 15 (AP)—U.S. navy ships in the straits of Formosa joined Chinese Nationalist vessels today in going to the rescue of the 1900-ton freighter Chikwang, grounded on the coast of central Formosa.

Strong winds pushed the Chikwang into shallow water while the ship was en route from Kaohsiung to Keelung. The ship is owned by the Chinese Merchant Steamship Navigation company.

The Shikwang sent out distress signals, which were intercepted by American navy and Nationalist ships. When they arrived on the scene, they found the Shikwang had developed a 15-degree list.

The rescue ships hoped to refloat the Chikwang at high tide.

Runaway's First Night Out

Sinatra, Clooney Picked as 'Tops'

NEW YORK, Dec. 15 (AP)—The nation's disk jockeys have picked Rosemary Clooney and Frank Sinatra as the most popular vocalists of 1954 and "Hey There" as the record most demanded by their listeners.

That's the outcome of a poll taken by the United Press of record spinners at radio stations across the country. A total of 726 ballots were received.

The 37-year-old Sinatra pulled the big surprise by barely edging out Eddie Fisher as the top male vocalist on the disk jockey list. Miss Clooney won by a sizable margin as top female vocalist with Kitty Kallen second.

Priest Climbs to Halt Death Jump

VIENNA, Austria, Dec. 15 (AP)—A young Viennese climbed the 446-foot steeple of St. Stephan's cathedral yesterday and threatened for five hours to jump.

Then as spectators watched from below a brave Roman Catholic priest whose hobby is mountain climbing, scaled the dizzy height and persuaded the young man to come down.

Hungry Horde Riots in China, Claims Agency

TAIPEH, Formosa, Dec. 15 (AP)—Embittered famine refugees and guerrillas staged two bloody uprisings in Red China last month and won one of them, Nationalist China asserted yesterday.

The interior-ministry's Taiwan news agency said more than 2,000 guerrillas spoiled some 1,000 communist troops in a three-day battle about 170 miles south of Shanghai in mid-November.

The dispatch gave no details.

Another report, this one from the Nationalist defense ministry, said approximately 2,000 starving famine and flood refugees rebelled late last month in the vicinity of Anlu, 60 miles northwest of Hankow in central China.

The refugees raided a food depot and killed several communist guards but Red troops rushed to the scene and killed scores of the uprisers, the ministry said.

Party Scheduled

MURTAUGH, Dec. 15—The Murtaugh Grange will meet at 8 p.m. Monday at the Murtaugh high school for the annual Christmas program and gift exchange.

Parents who are planning to bring their children are asked to place the child's name on a gift. Members are asked to have their candy and popcorn balls at the homes of the treats committee members by noon on Sunday. Serving on the treats committee are Mr. and Mrs. Bill Galley, Mr. and Mrs. Bill Pratt and Mr. and Mrs. Ralph Young.

NOTICE!
Dr. R. H. Scarborough, well-known Vision Specialist of Salt Lake City, will be at the Buhl Hotel, December 13th and 14th, and at the Lincoln Inn, Gooding, Thursday thru Saturday, December 9th to 18 inclusive, to examine eyes and fit glasses. His years of experience enables him to handle the "hard to fit" refraction cases.

Especially at Christmas...Ancient Age proudly says:
"If you can find a better bourbon ...buy it!"
For many, many years we've believed so devoutly in straight Kentucky whiskey that we've distilled nothing but!
We seal and bottle the incomparable result only at the distillery where it is born (important for quality and uniformity). And whiskey experts have always agreed with us that there is no better bourbon. Ancient Age is a welcome choice for those who refuse less than the best.
Tonight would be an excellent time for you to taste Ancient Age. You'll see why we can say: "If you can find a better bourbon...buy it!" Reason? There is no better bourbon.
Exclusive... now packaged for holiday giving in handsome silver filigree decanter. Also, available, as always, in distinctive regular decanter-type bottle

Entrant for "Miss Twin Falls" Contest Is Bowling Enthusiast

* * * * *

NORMA LEWYNNE POTTER

A talented public speaker, 18-year-old blond Norman LaWynn Potter who likes bowling and softball is a candidate for Miss Twin Falls County in a contest sponsored by the Twin Falls Lions club.

Dimensionally, the Brigham Young university freshman is five feet, nine inches tall and has a 35-inch bust. Her hip measurement is 37 inches and her waist 25 inches. She weighs 130 pounds.

Her high school activities bear out her interest in public speaking. She was Girls' state representative in 1953, serving as speaker of the house in girls legislature. She was the DAR "good citizen" of 1954.

In addition to bowling and softball, Miss Potter includes ice skating among her hobbies.

Hoping to continue her studies at Brigham Young, she says she wants to be a registered nurse, specializing in physical therapy.

She is the daughter of Mr. and Mrs. W. F. Potter, 951 Elm street, and was graduated from Twin Falls high school in 1954.

Housewife Wins $25,000 for Pie

NEW YORK, Dec. 15 (AP)—A Washington, D. C., housewife who jokes about her own plumpness yesterday won $25,000 for a pie recipe which she changed at the last minute so it wouldn't be too sweet.

Pillsbury Flour awarded the grand prize in its annual "bake-off" to Mrs. Bernard A. Koteen, Washington.

Has 24th Child

NIORT, France, Dec. 15 (AP)—Mrs. Roger Devaud gave birth yesterday to her 24th child, a boy that was named Alain.

The 44-year-old mother and her 47-year-old husband are the parents of France's largest family. Twenty-two of the Devaud children are alive. The eldest is 26.

Place to Relax Provided for All With Fees

NEW YORK, Dec. 15 (UP)—Pity the poor do-it-yourself fiend who doesn't have a basement to putter around in. Or even a workbench or a brace-and-bit.

But he need sorrow no more if he can cough up $50 *plus subway fare* to a nondescript old building on the upper east side of Manhattan where, lo and behold, his workshop is ready and waiting.

Behind the doors of this converted garage is a mouth-watering array of brand new hand and power tools, individual workbenches and stacks of lumber.

Also there are three professional cabinet makers who *have nothing* to do all evening but look over the do-it-yourself man's shoulder and help him out if he has trouble squaring up a board.

All this is the project of Sam Kuhn, a retired management engineer and long-time amateur woodworker. It is not exactly a woodworking school nor an occupational therapy center nor a private club. In fact, Kuhn thinks there isn't anything else quite like it.

"When I sold my place in Connecticut and moved into New York I couldn't bring my workshop with me," he explained. "I looked around for a place I could set up a little shop and before long I was organizing this thing."

So far Kuhn has recruited about 20 "clients" from the Manhattan *cliff dwellings where a drill-press* wouldn't fit into the penthouse decor or the neighbors wouldn't countenance the whine of a lathe or electric saw.

Women aren't barred, but so far the only do-it-yourself lady is a professional photographer who is making some furniture for her studio.

The clients pay $50 for the privilege *of using the shop for 12 periods* of three and a half hours each. "It works out at less than $1.25 an hour. They can spend an evening here for about what it would cost to go to the movies," Kuhn said.

Art Instruction at School Discussed

GOODING, Dec. 15—Mrs. Bert Bowler met with the school board Monday night at the high school to discuss the future art instruction in the school system.

Board members voted to move a garage building from the Gomes school properly to use for storage *space at the school.* The estimated cost will be $150.

Leona Weaver will replace Marilyn Mells as clerk for the school, the board *announced.*

Three Fined

SHOSHONE, Dec. 15—Violation of a city ordinance prohibiting solicitations netted three persons $2 fines and $6 court costs when they appeared before Justice of Peace Frank Dice Saturday.

Arrested by Police Chief Harold Sipe for selling magazines were Nancy York, Arizona; Robert Pearce, California, and Roy Woodruff, Michigan.

'Missing' Yacht Makes Port

Completing a voyage which Japanese maritime experts said would be a miracle, Dr. Earl Reynolds, an American radiation scientist, Yellow Springs, O., accompanied by his wife, two children and three Japanese crewmen sailed the "missing" yacht Phoenix into Honolulu harbor, 3,900 miles and 48 days out of Japan. Pictured shortly after docking are, left to right: Jessica, 10; Mrs. Reynolds; Theodore, 16, and Dr. Reynolds. (AP Wirephoto via radio from Honolulu)

Postal Workers Face Biggest Week-End as Yule 'Rush' Hits

Postal employes are bracing themselves for what may be the busiest week-end in Yuletide history, reports W. W. Frantz, postmaster.

"I have frequently asked that all Christmas mail be posted before Dec. 15. Now that time is here and *I know from previous experience the* volume of Christmas mail hasn't reached its peak," he stated.

Last year the biggest load of Christmas mail came on Dec. 18.

The figure does not include metered mail for which no total is available. In addition, 243 sacks of parcel post and 40 packages too large for mail sacks were processed Tuesday.

The situation is critical, says Frantz. What to do? He offers this advice:

Use air parcel post for gift packages going to other states. Air mail postage is the best idea for any remaining Christmas cards with out-of-town addresses.

"There is still time to complete all local deliveries by Christmas if *first-class postage is used,*" he said. "Mail carriers are scheduled to make as many daily trips as are necessary, so don't delay and risk disappointing your loved ones," he *cautions.*

Last-minute rushes, always begin when the incoming Christmas mail is greatest. Consequently, the postoffice will remain open from 8 a.m. until 6 p.m. including Saturday.

"I hope," says Frantz, "that this is one year every mail bag will be empty and every postal employe at home on Christmas eve. Then we can all relax—at least until it's *time for New Year's cards and* 'thank you' notes!"

Child Released

Stanley Franckowiak, jr., 3½-year-old son of Mr. and Mrs. Stanley Franckowiak, 1036 Second avenue west, was released from Twin Falls Clinic hospital Wednesday morning following treatment for a *broken leg.*

The youngster was injured Tuesday afternoon when he wandered away from his mother at the post-*office and pulled the curb mailbox* over on himself. His condition was reported as good.

Vehicles Collide

BURLEY, Dec. 15—Slippery roads were *blamed for a collision at an in*tersection here Saturday morning.

An estimated $500 damage was sustained by the front end of a 1953 Kaiser driven by R. D. Moncur, 47, Burley, when his car collided with a 1939 Chevrolet truck driven by Eldon Hansen, 17, Burley. Damage to the truck was set at $50.

PROGRAM PLANNED

SHOSHONE, Dec. 15—The North Shoshone Farm Bureau will hold a Christmas program at 8:30 p.m. Dec. 21 at the Gomes school building. Treats will be distributed.

Banquet Planned

HAGERMAN, Dec. 15—Hagerman lodge No. 78, AF and AM, will hold *its annual banquet at 7:30 p.m.* Thursday at the Methodist church. Members of the Union Rebekah lodge will prepare and serve the banquet.

Program arrangements and reservations are being handled by Don Tucker, Bob Gaston and Merle Owsley.

French Chief Stakes Future On Arms Vote

PARIS, Dec. 15 (UP)—Premier Pierre Mendes-France announced today that he will stake the future of his *government on a confidence vote* in the French national assembly on the controversial German rearmament plan and accompanying *treaties.*

The French premier said he will call for approval of the "package deal" on German rearmament worked out in conferences at London and Paris.

This includes, in addition to the arming of 500,000 west Germans, the restoration of German sovereignty, admission of Germany into a new western European union and the North Atlantic Treaty Organization and a settlement of the future of the coal and iron-rich Saarland that lies between Germany and France.

"In Bonn," the capital of west Germany, Chancellor Konrad Adenauer a few hours earlier had rallied upon the west German parliament to ratify the Paris-London agreements.

Mendes-France is expected to meet his most serious opposition on the issue of again handing guns to German soldiers. In west Germany Adenauer's principal opposition *comes from socialists and others who* oppose the Saar agreement which recognizes the area's economic ties to France and calls for its eventual *internationalization.*

But both leaders are expected to have enough voting strength to push the important western defense program through their respective parliaments in close votes.

"If It Isn't Right Bring It Back"

TWIN FALLS, IDAHO

Solons Wary Of Ike's New Training Bid

WASHINGTON, Dec. 15 —Congressional leaders were cautious today about President Eisenhower's new compromise universal military training plan.

But they forecast some kind of legislation to accomplish UMT's aim — putting more trained men into the military reserves.

Some capitol sources familiar with the President's proposal for a limited, volunteer six-month training plan, to be followed by long reserve duty, expressed some doubt that it would work.

They said it is questionable whether this watered-down UMT plan, as outlined to legislative leaders at the White House Monday and yesterday, would attract the desired 100,000 volunteers yearly, or anything like that number.

Sources familiar with the White House briefing said President Eisenhowed put a top priority label on his reserve program. Neither he nor other administration leaders used the team UMT in describing it. Military experts said, however, that the plan is a step in that direction, although at the start it would be neither universal nor — as UMT usually is conceived—compulsory.

Brains and Brawn in Red China

Life in Communist China is depicted in these scenes from 16 millimeter movie titled "Inside Red China." The pictures, made by Toronto Star reporter William Stevenson during a recent tour, shows at top, left, men in Peiping listening to a Chinese Communist officer's discourse on "rights thinking"; typical Chinese Communist miners, upper right; laborers hauling heavy stone block for dormitory buildings in Chungking, lower left; and, lower right, old-fashioned carts which have been fitted with rubber tires. (NBC-TV Photo via AP Wirephoto)

Petition Is Filed To Probate Will

A petition to probate the will of E. G. Stables, who died here Dec. 11, was filed in Twin Falls probate court, Tuesday by O. F. Brann, Twin Falls.

The Stables estate includes real property valued at $40,000 and $20,353.20 in cash in Twin Falls Bank and Trust company. Guy L. Kinney is the petitioner's attorney and a hearing will be held in probate court at 10 a.m. Jan. 4.

Heirs listed in the will, in addition to Brann, include five nieces, Hazel Bone and Florence Bone, Belleney, Ill., Mary Sutton, Petersburg, Ill., Margaret Miller, Twin Falls, and Hester Rand, Bakersfield, Calif., and two nephews, Hershel Goetz and Oren Goetz, both Belleney, Ill.

Licenses Issued

SHOSHONE, Dec. 15—A total of 143 dog licenses and 89 bicycle licenses have been sold this year, Mrs. Hazel Haddock, city clerk, reports. End of the licensing year is March 31.

Topping the sale record to youths, however, are 455 permits issued to youths under 14 to fish in the city fish pond. The permits are free.

Red China Demand on America Makes This Man Want to Fight

By HENRY McLEMORE

The only head of a state whose name sounds like something copied from a chop suey joint has made a demand on the United States.

He is Chinese Communist Premier Chou En-lai. Throw a few water chestnuts and blanched almonds over him and his surname will be Sub Gum.

Egg Foo Yung demanded that we give up Formosa or take the consequences.

McLemore

I hope he means it. It will be the greatest swap in history. He'll get Formosa and we'll get China. We'll wind up with a great country, made up of great, knowing people, with a civilization that goes back further than any civilization.

Chop Suey will wind up with a small island.

When I write this I know I will get hundreds of letters saying that I am trying to get the United States to fight China, with the chance that Russia will come in, with a world war resulting.

Okay. If it comes, let it come. There can be no pride in belonging to a country that backs down. Let us not allow that Chinese fellow to talk roughly to our President. We chose Ike. Let us stay right back of him. Let us let him know that his citizens are ready to pitch, no matter how hard it hurt. The United States is the nicest country in the world. Gives more than any other country ever thought of giving. Produces more than any other country ever thought of producing. Tries to do more for other countries than any other country has tried to do for another country.

The United States has more men buried on foreign soil than any other country. The United States has tried harder to help than any other country.

The U. S. A. is stronger, richer, tougher, than any country you can name.

But the U. S. A. might just as well be Costa Rica.

Our country gets shoved around as if it didn't have a single muscle. We act as if we didn't have a single airplane, a single soldier, a single carrier, a single A or H bomb.

What is the use of having the best navy, the best air force, and the best army, if we kneel and bow to those who couldn't carry our shoes in a clutch?

China has Americans locked up. And what are we doing about it? Asking the head of the United Nations to come in our aid. You can't be sillier than that. We asked the United Nations to help us in Korea, and all you have to do to find out how the U. N. helped us is to count the crosses. They will be American ten to one.

I wish I were in charge of telling off China. I'd like to answer that demand of China's premier. This would be my note:

"You have exactly one week to deliver those Americans. If you don't you'll get everything we have to offer. We have never seen the day when we were scared of you—or Russia."

My bet is that they'd back down.

The day that China can tell us what to do will be the day.

Just tell China straight out, and let it be no bluff on our part. Throw it at them. Better get killed than sit around and take any guff.

When a country lets its face be slapped, it isn't much of a country.

Trustees Change Plans for School

SHOSHONE, Dec. 15—Material changes to reduce the cost of Shoshone school building program were listed by the school board Monday evening at the high school.

A few changes in plans, also to economize, were considered and will be applied to the building plans by the architect. Following the changes, a call for bids will be issued. Work on the building isn't expected to start until April 1. The completion date is set for Sept. 1.

Education May Have Troubles Getting Funds Needed in State

BOISE, Dec. 15 (AP) — Education forces may have trouble getting all the money they say is needed for school aid in the next biennium from the Idaho legislature.

The board of education has estimated that the 12 million dollars appropriation for the minimum program in the present biennium will have to be upped more than three million dollars to continue it another two years.

Some of the 50 legislators answering an Associated Press questionnaire gave a flat "yes" when asked if they approved a raise of that proportion. One gave an equally flat "no." But most appeared to feel like Sen. Leo J. Murdock, R., Bingham, who said he would "want to be shown" that that much was needed.

On the basis of a formula set up by the 1953 session, the board figures about $15,200,000 will be needed to pay the state's share of the program. The board estimates are based on needs including average daily attendance, transportation costs and teachers' salaries. Anticipated increases in enrollment are the main reason for the estimated increase.

The state had a balance of about 800 thousand dollars in school funds at the end of the 1952-53 biennium. The balance from the current one is expected to be less than 100 thousand dollars next June.

In addition to this, the Unified Education Council—composed of the Idaho Education association, State Teachers association and State Congress of Parents and Teachers—has proposed changes in the minimum program which would cost another million dollars for the biennium. The legislators were not polled about this.

The principal change advocated by the council is to figure state aid on the basis of average daily membership rather than average daily attendance. The council maintains that enrollment absolutely figures the costs of operating a school, since it must maintain just as many teachers and dues and textbooks, and have the same light, heat and custodial services, insurance and library facilities.

The other change backed by the council is to compute minimum require ments on the basis of the number of teachers currently employed, not the number for the preceding year, as is now the case.

The 12-minute state aid for deucation was one of the main points of Robert E. Smylie's successful campaign for the governorship. And nearly all the legislators say they're for increased aid—if the state can afford it.

"With the rapidly increasing school population it seems to me we will have to meet the increased need," said Sen. Kenneth Thatcher, R., Madison. Thatcher is superintendent of schools at Sugar City and a member of the "education bloc" at the last session. He's also been mentioned for president pro tem of the senate.

"The greatest nation in the world can remain great just as long as we take advantage of our greatest potential natural resource," said Sen. Edward J. Middlecamp, R., Twin Falls, who will be the veteran Democrat in the upper house.

But most of the replies ran like that of Sen. Fred Cooper, R., Caribou, who also is president of the State Reclamation association:

"When the state board of education proves they need school funds increased, I'll think about it. But my present thinking is that the taxpayer should be getting some consideration rather than always thinking of means of spending more."

"I realize that our school population is increasing and that it does take more money to run our schools all the time," said Sen. Ray P. Storey, R., Canyon. "However, I am inclined to think that some of the frills of our educational system could be done away with."

Sen. Vard Meadows, R., Power, wondered if so much of an increase was necessary, and Sen. William Dreview, D., Idaho, said the requests would have to be checked carefully to see whether they were justified.

Several house members of both parties indicated they favor the increase. Among them were Reps. James Rhodes, D., Kootenai, Dan Emery, D., Nez Perce, George L. Cookham, R., Canyon, Ernest Allen, R., Canyon, and Don Pieper, D., Bonneville.

"Yes," said Rep. George Blick, R., Twin Falls, "but let's warn all segments of education to get their house in order before we are getting value received. There must be an end to this increase some place along the line."

Rep. Fred Walton, D., Camas, said he didn't think that much would be needed, and Rep. Frank Westfall, R., Bingham, said he would go along with a million and half dollar raise.

Rep. Perry Swisher, R., Bannock, said he would favor it "if the formula for aid is revised for more aid proportionately for low valuation districts."

Multiples of 13 Occur in School

OVERTON, Nebr., Dec. 15 (AP)— Fancy these figures:

Mrs. H. W. Strong, teacher in the Overton school, said:

In the seventh grade there are 13 students, nine boys and four girls. In the eighth grade there are 13 pupils nine girls and four boys.

All the seventh graders are in their 13th year. So are all the eighth graders.

Thirteen members of the two classes are of Irish origin. The other 13 are German.

Some doctors believe h... is the most important... fecting human beha...

Start Brooding Over 1954's Wrongs Now, Advises Writer

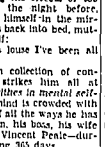

By HAL BOYLE

NEW YORK, Dec. 15 (AP)—Are you a last-minute brooder?

Do you wait until 1955 actually begins before you start brooding about all the wrong things you did in 1954?

Well, why keep putting it off? Why not be an early brooder? There are still 16 good brooding days left before the first of January. Why not do your brooding now and avoid the late-season rush?

It is this habit of postponing the brooding that ruins the post-holiday period for many an average man. He wakes up on New Year's morning, feeling the effects of too much partying the night before, takes a look at himself in the mirror, then crawls back into bed, muttering to himself:

Hal Boyle

"Boy, what a louse I've been all year!"

His 12-month collection of conscience pangs strikes him all at once and he writhes in mental self-torment. His mind is crowded with the memories of all the ways he has let himself down, his boss, his wife —and Norman Vincent Peale—during the preceding 365 days.

Overwhelmed by a vast sense of guilt, the tortured wretch takes no joy in the bright prospects of the year ahead, because he feels he has wasted all the splendid opportunity in the year just ahead.

Reduced to a kind of moral jelly by this titanic attack of mass brooding, the guy really doesn't manage to lift himself out of his depression until he sees his first robin.

Meanwhile he is pretty grim company for other members of the house and the kids keep asking:

"Mama, what's the matter with daddy? Did somebody give him a new ulcer for Christmas?"

The way to avoid this situation is to start your year-end brooding right now. But don't do it all at once. Space it out.

You can begin gradually. Just brood 5 to 10 minutes a day until you feel you are getting the hang of it. Too much sudden brooding, like too much sudden exercise, is bad for anybody and particularly bad for people over 40.

One easy way to get into the swing of it is to start off by brooding over the wrongs people have inflicted on your during 1954. This can be really enjoyable. In fact, the danger here is that you will find this so pleasant you won't bother to get around to brooding over all the wrong things you did yourself.

But, of course, to do a thorough, all-around job of brooding, you can't treat it like a one-way street. If you don't brood back over your own mistakes, you're only doing half the job and you're missing the real scientific value of brooding.

The main thing is to buckle down to the task right now. Then, when the New Year arrives, you'll be all brooded out and eager to face the challenges ahead.

And that brings up a final suggestion. Timing is very important in constructive brooding. Don't wait until next June to get your 1955 brooding under way. Get in a little spring practice during April.

Then, if you are really getting the knack of profitable brooding, you'll take time to brood about what lies ahead as well as what is already past.

For those special people on your holiday list...

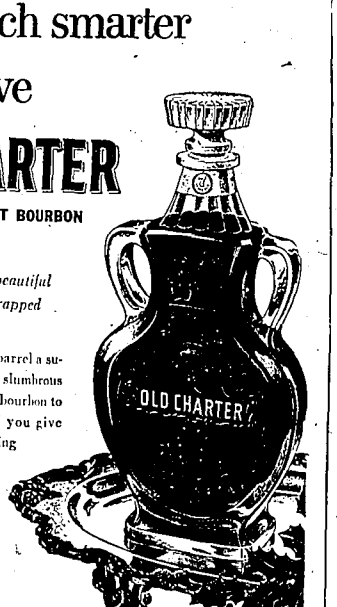

It's so much smarter to give

Heiress Refuses To Discuss Plans

BEVERLY HILLS, Calif., Dec. 15 (U.P.) — Dime store heiress Barbara Hutton had "absolutely no comment" today on possible plans for divorcing her estranged spouse, Dominican playboy Porfirio Rubirosa, her fifth husband.

The heiress arrived here by plane from Mexico City yesterday. She said she came here to visit friends and her son, Lance, 19, a student at UCLA. The boy's father is Count Kurt Haugwitz-Reventlow of Denmark, Miss Hutton's second husband.

"I have absolutely no comment about the situation," the heiress said when asked by reporters about the status of her marriage to Rubirosa.

Miss Hutton and Rubirosa married in New York, Dec. 30, 1953, but separated shortly afterward. In recent months Rubirosa has been romantically linked with Hungarian-born actress Zsa Zsa Gabor.

Cotton Growers Desire Controls

WASHINGTON, Dec. 15 (U.P.) — A record small turnout of the nation's cotton farmers have voted overwhelmingly for the tightest acreage controls in history next year.

Unofficial returns compiled by the agriculture department from yesterday's balloting show 92 per cent of the 340,606 farmers voting favored Agriculture Secretary Ezra T. Benson's plan to reduce plantings by 15 per cent in 1955. This was well above the two-thirds margin needed to impose controls.

With returns from all but one state in, 313,561 voted for the controls, which will insure relatively high government price supports, and 27,135 voted against them. The abstaining state was Nevada where only 10 votes were cast last year.

ATTENDS SERVICES

MURTAUGH, Dec. 15—Edwin Jr. Buel left Tuesday for Hickman, Nebr., to attend funeral services for his uncle, Worth O. Buel.

Crash of Two Trains Puts Big Boxcars Sailing Through Air

PARIS, Ill., Dec. 15 (U.P.)—A crash of two New York Central freight trains early today sent boxcars hurtling through the air like sticks of wood, ripping off the walls and roof of an apartment house.

Police reported that by a "miracle" no one was seriously injured, although four persons who escaped death by a whisker were treated for minor injuries.

The crash on the residential west side of Paris "shook about a two-mile area," police said. Witnesses said boxcars were sprawled across the street and across the tracks "like a river log jam."

Witnesses said three and possibly more cars went flying off the tracks. Others crashed onto the tracks or onto the street.

A new threat was posed when police discovered that three tank cars derailed on the tracks were loaded with inflammable fuel naptha, fuel oil and gasoline.

All city and county police were called to the scene, but officers were afraid to move the tank cars for fear a spark might touch off an explosion.

A total of 21 cars were derailed when a 70-car NYC train went off the tracks just as another 70-car train was pulling out of the yards.

The oil car touched off a chain reaction, derailing six cars from Hendershot's train and 14 more from the train piloted by James Riddle.

The diesel engine of one of the trains and several boxcars ripped into a nearby two-story apartment house. *One of the cars, flying* through the air, ripped off the roof. Others tore two walls off the building and part of a third.

One of the cars hurtled directly into an apartment occupied by Mr. and Mrs. Ned Jewell, both 22, their four-year-old son, Ben, and Mrs. Irene Roberts.

The four persons were luckily sleeping in the furthermost part of the apartment, however. They escaped with minor injuries for which they were treated at a hospital and released.

In the street, meanwhile, a boxcar flew by Willis Johnson as he was walking home from work.

A cocker spaniel puppy, buried under a shower of bricks, dug himself out and trotted away uninjured.

Other flying boxcars narrowly missed a small cafe and a railroad control tower. Telephone and electric lines in the area were snapped, cutting off all service for a time.

Police said the half-demolished apartment house would be torn down. Meanwhile railroad officials estimated it would take at least 12 hours to clear the Pennsylvania and NYC tracks.

It was the worst rail wreck in Paris history since 1903, when several persons were killed in a smashup.

RETURN HOME

DIETRICH, Dec. 15—Mr. and Mrs. Joseph Robertson have returned from Orville and Shelton, Wash.

Views Differ On Stand to Whip Pupils

NEW YORK, Dec. 15 (AP)—Britain's Field Marshal Viscount Montgomery believes school teachers should have the authority to whip unruly students.

Montgomery said here recently "a good beating with a cane can have a remarkable sense of awakening on the mind and conscience of a bad boy."

Most American experts on juvenile problems *disagree. Here's* what a check up of several authorities showed.

Msgr. Nicholas Wegner, director of Boy's Town: "Corporal punishment is not used at Boy's Town and I don't think it would do much good. Many of the boys here have had too much of that already."

Dr. Martha M. Eliot, chief of the U.S. children's bureau: "... the (Montgomery) is taking a position that in our country has definitely indicates among specialists in normal and delinquent behavior of youngsters. Our experts are inclined to hold . . . that any kind of punishment of children is worthless unless it does more than just stop poor behavior and that it can be actually harmful when it outrages a child's sense of dignity and personal worth."

Former champion *Jersey* Joe Walcott, *father of six and now a juvenile* inspector: "Any punishment I got in school didn't do me any harm. I'm sure we would have less delinquency problems if the teacher had the right to punish pupils."

Sen. Robert C. Hendrickson, R., N.J., chairman of subcommittee on juvenile delinquency: "I have great respect for the military genius of Viscount Montgomery but it is clear that he has occupied his mind with military matters to the exclusion of a full understandings of the many facets of juvenile delinquency."

Dr. Robert M. Hutchins, former chancellor of the University of Chicago: "I think Montgomery is a *splendid general.*"

Utah Rangelands Listed Under Par

SALT LAKE CITY, Dec. 15 (AP)—Three general storms during November were credited today with *improving Utah rangelands but* forage conditions still were below average.

The department of agriculture listed Dec. 1 range condition at 73 per cent of normal. That is 2 per cent under the Nov. 1 level but 6 per cent above that of Dec. 1, 1953. It is 4 per cent under the average for the past 10 years.

Cattle condition on Dec. 1 was reported at 80 per cent of normal and sheep condition at 82 per cent of normal.

LEGAL ADVERTISEMENTS

NOTICE
TO THE STOCKHOLDERS OF THE SALMON RIVER CANAL COMPANY, LTD.:

NOTICE is hereby given that the annual meeting of the stockholders of the Salmon River Canal Company, Limited, will be held at the office of the company at Hollister, in Twin Falls County, State of Idaho, on the 10th day of January, 1955 at 1:00 o'clock P. M., for the purpose of electing five Directors and transacting any and all business that *may properly come before* the meeting, to consider the affairs of said company and to take action with respect thereto.

Proxies must be filed with the secretary five days prior to the meeting. No proxy will be filed after January 5, 1955.

GEORGE A. McGREGOR,
President

Pub.: Dec. 8, 15, 22, 29, 1954; Jan. 5, 1955

Possible Successor

Giovanni Cardinal Montini (center), wearing bishop's mitre and holding crosier, is shown in the presence of Cardinal Tisserent (left) after being consecrated Arch bishop of Milan in a brief four-minute ceremony by Pope Pius XII at the Vatican city. The still ailing pontiff performed the ceremony via radio from his sickbed. Cardinal Montini is considered one of the leading prospects to succeed the Pope. (NEA Telephoto)

New Type Fuel Tanks Said to Prevent Fires After Crashes

INDIANAPOLIS, Dec. 15 (AP)—The civil aeronautics administration announced today the achievement of a major step toward preventing plane crash fires—the development of flexible bladder-type fuel tanks for aircraft.

CAA said in a news release that *Goodyear Tire and Rubber* company and U.S. Rubber company have developed rubberized nylon materials so strong, lightweight and elastic that:

1. It has now become possible to make integral tanks—fuel cells built into an airplane's wings—out of them.

2. In accidents where passengers can be expected to survive the crash impact, these tanks will not rupture and cause fire.

The CAA turns this information over to industry for its use in the manufacture and sale of this type of tank," it said.

The flexible materials were developed and tested as part of a 6-year research program at the CAA's technical evaluation center here.

One CAA official said that fire after a crash, resulting from the *rupture of fuel* tanks and the spraying of gasoline over the wreckage, accounts for almost one-fourth of the fatalities in airplane accidents.

"The problem of fire deaths after airplane crashes appears on its way out," he said.

Dr. H. J. Osterhof, Goodyear's director of research, said "the CAA program has proved that these tanks are practical. We could begin manufacturing them for aircraft tomorrow."

D. M. Stuart, director of the evaluation center, said the air force, navy and many aircraft companies have watched progress of the project.

Stuart said the materials also have potential uses as fuel cells for *gasoline tank trailers and for racing cars.*

Action Started

RUPERT, Dec. 15—Suit was filed in probate court here Saturday by the Lockwood Graders company, Rupert, against W. F. Barker. *Attorney Sherman J. Bellwood filed* the suit.

Cecil J. Wilson, manager of the company, claims Barker owes the company $234 as balance due on some potato machinery purchased by Barker. The suit also asks for interest and costs.

Idaho's Commercial Timber Supply Has Increased!

In a 1945 official government report Idaho's sawtimber resource was estimated at 61,000,000,000 board feet. Today the same agencies estimate the inventory to be 75,685,000,000 board feet.

That's an increase of 24% during a period when harvest of mature timber totalled 8,479,200,000 board feet which harvest, incidentally, brought $1,350,000,000 in value of products alone to the state of Idaho.

Two Receive Awards From Farm Bureau

NEW YORK, Dec. 15 (AP)—Distinguished service awards of the American Farm Bureau Federation were presented last night to Mrs. Raymond Sayre, Ackworth, Ia., and posthumously to Romeo E. Short, Brinkley, Ark.

The recipients were selected from nominations by state farm bureaus. Awards were made in connection with the 36th annual convention of the American Farm Bureau Federation.

Mrs. Sayre is past president of the Associated Country Women of the World and the Associated Women of the American Farm Bureau Federation. She lives on a 600-acre farm in Iowa where she and her late husband settled in 1918.

Short died in May, 1954, soon after resigning his post of assistant to the secretary of agriculture because of illness.

Short was president of the Arkansas Farm Bureau Federation for 12 years and a member of the board of the American Farm Bureau Federation for 16 years.

INCORPORATES

BOISE, Dec. 15 (AP) — Articles of incorporation were filed today for Valley Christian church of Twin Falls, by Lloyd E. Mason, Irving G. Wood and *Clyde Ramsey, all* Twin Falls.

Lemhi Area Asks Testing Program

BOISE, Dec. 15 (AP)—Lemhi county commissioners will petition the state commissioner of agriculture to establish a compulsory cattle brucellosis testing program in their county, it was announced today.

Dr. A. F. Schneider, state veterinarian, said the request would be the first step in eventual certification of Lemhi county as a brucellosis-free area.

The county is the first to take such action since the intensive federal and brucellosis control program was established this year by the 83rd *congress.*

Headed Home

Grange Plans For Program On Christmas

SHOSHONE, Dec. 15—Final plans for a Christmas party next Saturday were made by members of Wood River Center Grange Saturday. Santa Claus will visit the party with treats for the children.

Committee members for the party are Mr. and Mrs. Elden Guthrie, Mr. and Mrs. Earl Cheney and Mr. and Mrs. Dean Guthrie, treats; Mr. and Mrs. Dean Barney, Verla Barney and Bonnie Barney and Darwin Mills, decorations, and Mrs. W. W. Whitehead and Mrs. W. V. Gabriel, program.

A report of the state Grange meeting was given by Master and Mrs. W. W. Whitehead.

Women of the Grange agreed to donate the banquet for the Rhoades Riding Rodeking club on Dec. 30. The dinner will be served at 7:30 p. m. and following the annual election, plans for the coming year will be mapped.

W. E. Adams, state Grange master, will be present Jan. 1 for installation of officers. He will be assisted by Ermil Jerome, Kuna.

Refreshments were served by Mr. and Mrs. S. M. Hall, Mr. and Mrs. Ward Mills and Mrs. Wilford Gabriel.

Solon Praises Farm Policies

NEW YORK, Dec. 15 (AP) — Sen. Spessard I. Holland, D., Fla., today praised the Republican administration's farm policies as "fundamentally in the right direction."

The Florida Democrat said that Secretary of Agriculture Ezra Benson has been "courageous and essentially nonpartisan and has rendered very great service to American agriculture."

Holland lauded Benson in an address prepared for delivery before the 36th annual convention of the American Farm Bureau Federation here. He spoke shortly before Benson was scheduled to make an address to the same gathering.

Holland indicated strong support for the flexible price support program advocated by the Republican administration and contained in the agriculture act of 1954.

"It seemed clear to me that restoration of a peace time flexible price support program had become of primary importance from the points of view of protecting agriculture itself and of being fair to the general public," he said.

"It is manifestly in the nation's interest that a full and fair trial be given to the flexible program, as well as to the other programs, so that we may have a clear comparison of results upon which to base future decisions. No one contends for a moment that we have yet attained perfection."

Holland said every emphasis must be placed on confining government controls and regimentation to a minimum and leaving the producer the maximum amount of freedom of action.

Officers Selected By Colfax Group

BUHL, Dec. 15—Harley Williams, Filer, was elected chief patriarch of Colfax encampment No. 20 at the meeting Monday night at the Filer IOOF hall.

Other officers elected are R. W. Coad, Buhl, high priest; L. E. Conrad, Twin Falls, senior warden; Carl Ridgeway, Kimberly, junior warden; Leland Hudson, Buhl, scribe; Frank Eastman, Twin Falls, financial secretary, and George C. Leth, Buhl, treasurer.

Trustees elected were Homer Crawford, Filer, for a two-year term, and Rex Lancaster, Filer, for the three-year term. Installation of officers will be held Jan. 10 at the Filer hall.

Motorist Pleads Successful Case

DENVER, Dec. 15 (AP)—O. Otto Moore successfully contended in traffic court yesterday he was wiser to have driven through an amber traffic light than to have stopped.

To stop suddenly when the light turned yellow would have jeopardized the safety of cars behind him, Moore said, so he proceeded.

Municipal Judge H. Joe Hawkinson listened to Moore's lengthy discussion, then dismissed the case.

Moore is a state supreme court justice.

Thrifty Giving's No Problem for Teen-Ager

For the teen-ager with a small Christmas budget and a big list, here are handsome gifts she can make herself. With Mom's sewing kit, leftover materials and an assortment of trim and buttons, the finished products will rival all other gifts under the Christmas tree. A huge square of fir-tree green felt becomes a holiday tablecloth (upper left) when trimmed with a decorated Christmas tree motif and sparkling white silk fringe. Any girl who likes casual clothes will love these easy-to-make felt "lantern" pants, trimmed with black velvet ribbon and rhinestone buttons (right). A fancy jeweled vest (lower left) is made from a basic vest pattern using inexpensive gold-sprayed material. The motif is cut from felt fragments and decorated with variously-colored glass buttons for a sparkling effect. A conversation-piece apron is this one (lower center) made of felt and trimmed with faces that include a one-eyed pirate, a masked cowboy and a doctor with a real-looking stethoscope (it's a button).

* * * * * * * *

Small Christmas Budget Shouldn't Be Problem for Any Clever Teen-Agers

A small Christmas budget shouldn't present any problems to the teen-ager with lots of "best" friends. Not if she's clever, and knows the fundamentals of that thrifty art, sewing.

For a girl friend who dotes on slacks, make a pair of "lantern" slacks in no time at all. Cut from felt, they require no finishing. The "lantern" look is achieved by making slashes one-half inch wide. Three sets of slashes two inches apart will create the jaunty effect. For a pretty trim, sew black velvet ribbon halfway around the spaces between the slashes. Then, for extra sparkle, add two glitter buttons to each band of ribbon.

A handmade "jeweled" vest is an excellent gift for a friend who's hard to please. Use a basic vest pattern and cut the vest from inexpensive gold-sprayed burlap bought in an upholstery fabric store. Using felt strips of her favorite bright color, finish the armholes and neckline.

Cut out abstract motifs for the vest front from this same piece of felt. After the motifs are sewn on, sprinkle them with fancy rhinestone buttons in gay jewel-like colors. Then, outline the front closing with tiny gold buttons and oversized gold hooks and eyes.

If you've a friend who practically lives in the kitchen and is noted for her homemade fudge and cookies, you can be sure she'd adore a colorful, conversation-piece apron. Like a funny-face apron. Make it from easy-to-cut felt and a basic apron pattern. You can use up scraps of fabrics for the faces. With a collection of buttons to use as eyes, mouths, ears and noses, you can create everything from clowns to pirates.

A handsome holiday tablecloth of tree-green felt is easy to make and decorate for a friend who loves giving parties. With a tree and candy cane as the main motifs to decorate the corners, trace a tree shape in one corner of the felt and cut around it, making sure not to cut out the entire shape. Brush on a little snow made from soap flakes and water and trim the tree, using rhinestone, gold and ball buttons.

Using a piece of red felt, cut out a little tree stand and rubber cement it to the cloth beneath the tree. In the opposite corner, cement a candy cane. Just glue strips of red and white felt to the cloth. In between the stripes, use glittering rhinestone buttons. Trim the edge of the whole tablecloth with sparkling white silk fringe.

Services Slated

BUHL, Dec. 15—Christmas services will be held at the First Methodist church here at 11 a.m. Sunday. The sacrament of baptism will be observed and new members will be received in the church.

At 8 p.m. the senior youth fellowship will conduct a public carol sing.

Three Suits For Divorce Are Started

GOODING, Dec. 15 — Three divorce suits have been filed in district court here.

Ralph J. Phillips was named defendant in a suit filed by Jean B. Phillips. The complaint states Phillips was convicted of felony in Washington March 3, 1952, and is serving 54 years in the Washington state prison. The couple was married in Coeur d'Alene Sept. 28, 1930.

The plaintiff asks for the community property which is listed as household furniture and fixtures, china, linen, dishes and personal effects. Randall Wallis, Boise, is Mrs. Phillips attorney.

James E. Nelson was named defendant in a suit filed by Karin Nelson. She charges extreme cruelty. They were married Jan. 28, 1945, in New York, N. Y., and have one minor child.

Mrs. Nelson seeks custody of the child and asks that the defendant be ordered to pay $60 a month support. Karl Jeppesen, Boise, is her attorney.

Mary Jane Noffsinger filed suit naming William Earl Noffsinger defendant. She charges grievous mental suffering. The Noffsingers were married in Salt Lake City, Utah, Nov. 2, 1937, and have two children, custody of which has been arranged. Walter M. Gross is attorney for the plaintiff.

Some of the winds generated by A-bombs move faster than sound.

Valuable Penny Lost, Recovered

SALT LAKE CITY, Dec. 15 (AP)—A motorist who dropped a penny valued at $5 into a Salt Lake City parking meter has it back.

Hugh Nation said he was carrying the 1853 coin in his pocket and, by mistake, put it into a meter. He realized immediately what he had done, and reported his mistake to a policeman.

The latter sent him to City Treasurer Oliver G. Ellis, who asked collectors to be on the alert for the rare coin. It showed up in meter collections and was held for Nation.

Awards Presented to Winners in Home Beautification

Winners of a 4-H contest in home beautification received their awards Tuesday night at the Turf club from the Idaho State Floral association. The state winner, Florence Bond, Shoshone, joins district winners inspecting the certificate held by Milton Peterson. From left are Miss Bond, Joy Ann Wisecaver, Buhl; Peterson, Albion, and Beth McKay, Shoshone. Miss Bond received a wristwatch, Miss Wisecaver earned a $25 scholarship to the 4-H shortcourse at the University of Idaho, and Miss McKay and the Peterson youth each received $10 awards for the 4-H summer camp. Awards were presented by L. T. Miller, Buhl, on behalf of the Southern Idaho Florist club and the state association. The association sponsored the contest. (Staff photo-engraving)

PROGRAM PLANNED

BUHL, Dec. 15—The annual Christmas program of the First Methodist church Sunday school will be held at 8 p.m. Dec. 23. "The Christmas Story," Rev. Cecil O. Hansen, pastor, will be presented.

READ TIMES-NEWS

Pope Regains Strength Now

VATICAN CITY, Dec. 15 (AP)—Pope Pius XII today registered a "slight improvement" in his serious illness after a 36-hour "stationary" period which had caused new concern.

The resumption of his improvement prompted his doctors to prepare for a series of X-ray examinations tomorrow through which they hope to determine definitely the source of his near-fatal myalery ailment.

But his physicians cautioned that the 78-year-old pontiff still is a very sick man of advanced years.

Even before the X-ray examination, the attending doctors said a preliminary study of gastric juices extracted from the Pope's stomach indicated that his illness is not caused by cancer or a tumor.

The doctors extended the gastric juices yesterday during a major consultation and visit to the 78-year-old Pope's bedroom.

Vatican sources said the Pope spent a "good night" and slept so soundly that members of his household had to awaken him at 7:30 a. m. to hear mass.

The Pope was expected to take a short stroll around his private apartment later in the day, Vatican spokesmen said.

4 Autos Damaged By T. F. Mishaps

Damage to four automobiles was reported by city police Tuesday as the result of two accidents in the 1200 block of Filer avenue east and at the corner of Shoshone street and Eleventh avenue north.

In the latter mishap a 1952 Ford driven by Sarah Fairchild, Buhl, collided with a 1949 Dodge driven by Walter G. McClain, 275 Blue Lakes boulevard north. Police said there is a stop sign on Eleventh avenue along which the Dodge was traveling.

In the other accident a 1952 Oldsmobile collided with a 1947 Studebaker. Driver of the Oldsmobile was Lonn L. Measman, 425 Second avenue north. While Norman McGuire, 1748 Addison avenue east, drove the other car.

GROUP TO MEET

GOODING, Dec. 15 — Gooding Christian Junior-Aid will meet at 8 p.m. Thursday at the home of Mrs. Valdo Gray.

Speakers Tell of Conference Meet

HAGERMAN, Dec. 15—Mr. and Mrs. Lloyd Anderson, Wendell, were speakers at the monthly party of the young adult Sunday school class of the Methodist church Sunday evening at the home of Mr. and Mrs. Alfred Sandy.

They told of attending the family life conference at Cleveland, O., this fall.

The group voted to send a $10 food package overseas. A humorous gift exchange was held and George Johnson and Donald Ren donated their gift for resale with Johnson acting as auctioneer. The $4.75 raised was applied toward the class project.

Refreshments were served by Mr. and Mrs. John Townsend and Albert Greer.

Two Teen-Agers Sentenced to Life

NEW YORK, Dec. 15 (AP) — Two members of Brooklyn's teen-age killer-for-thrills gang were convicted yesterday of murder in the first degree. A Kings county jury recommended they spend the rest of their lives in jail.

The all-male jury deliberated three hours before returning the verdict against Jack Koslow, 18, reported leader of the gang, and Melvin Mittman, 17.

They were found guilty of the torture-for-thrills of Willard Menter last Aug. 17 that ended with Menter's drowning in the East river.

The slender, gaunt, somewhat ascetic Koslow and the burly Mittman moaned when they heard the verdict and buried their faces in their hands.

Funeral Held for Oscar Babington

GOODING, Dec. 15 — Funeral services for Oscar R. Babington, Fairfield, were conducted Monday afternoon at the Fairfield Community Methodist church with the Rev. Roy Dunagan officiating.

Mrs. Alvin Carmen and Mrs. Dunagan sang a duet and Mrs. Jim Yamamoto was soloist.

Pallbearers were Lee Newman, Herman Miller, Jim Thorton, Lawrence Davis, George Miller and John Humphries.

Concluding services were held at the Elmwood cemetery with the Fairfield IOOF lodge in charge.

Meet Initiates Five in Rupert

BURLEY, Dec. 15 — Five new members were initiated into the Rupert council of the Knights of Columbus at the Little Flower Catholic church parish hall here Sunday.

The new members are Edward Madden, Melvin Hirning and John Albrecht, Rupert, and Joseph McElhinney and William Dorris, Burley. A dozen other prospective initiates from Glenns Ferry and Mountain Home AFB were unable to attend.

The initiation was conducted by an eight-man first degree team from Pocatello under the direction of Larry Cowan, Pocatello, state deputy. Cowan also reported on the Knights' national convention in Louisville, Ky., in August.

The Rupert council canceled the group's regularly scheduled meeting of Dec. 21, because of the initiation meeting. A ladies' night tentatively is planned for the Jan. 4 meeting.

Board Discusses Cemetery Action

GOODING, Dec. 15—The Gooding county commissioners considered a petition to organize a Gooding cemetery district at their monthly meeting Monday at the courthouse.

The petition was turned over to Cecil Hobdey, county attorney, for legal advice.

The commissioners granted beer licenses to Walt's place, Prancone's, Gooding Business Men's club, Elks lodge, Safeway stores and Pastime cigar store, Gooding; River club, Buhl; Rock lodge and S and A club, Hagerman; West Point service, Wendell, and Cottage inn, Bliss.

Group Meets

HEYBURN, Dec. 15—The first ward special interest group held a fireside meeting at the church Sunday evening. Reed Catmull, Rupert, was speaker.

Refreshments were served by Mrs. Lottie King, Mrs. Blanche Wilcox and Mrs. Martha Stimpson.

Veterans to Pick New Farm Sites

RUPERT, Dec. 15—The two latest eligible veterans arrived here Monday to view prospective farm sites established by the bureau of reclamation as part of the northside extension project here.

They are Robert Wall, Shasta, Calif., and Arnold Wendt, Poole, Nebr. They were taken to three proposed farm sites by Vance Smith, assistant county agent. They will be given a week to select a site.

When Wall and Wendt were contacted, only two farm sites were available. Since then, however, R. C. Beattie, Klamath Falls, Ore., has relinquished his claim on a site, Floyd Hedricks, clerk of the bureau here, said. Determining the next eligible veterans on the list of applicants probably would take several weeks, he added.

Man Flies Quick, Finds Job Flown

DALLAS, Tex., Dec. 15 (AP) — A Dallas man streaked 750 miles an hour by jet plane to make a call for jury service, then found he had nothing to do.

Air National Guard Capt. Herbert A. Durham made a week-end training flight to Florida and was forced by weather to remain until Monday morning at Panama City, Fla. Once the weather lifted his jet fighter had him home within an hour and a few minutes more he was in county criminal court for his first service as a juror.

There the speed of the air age deserted him. He was thrown off the venire on a challenge, and sent back to the central jury room to wait for another jury call.

EMERSON VISITORS

EMERSON, Dec. 15—Mr. and Mrs. J. W. Gilman and children, Cody, Wyo., and Mr. and Mrs. Gilbert Staker and daughter and Mrs. Raymond Bessler, Powell, Wyo., are visiting Mrs. Cheddie Irwin who has been ill at the home of her sister, Mrs. L. H. Peterson.

Husbands, Wives Have Yule Event

WENDELL, Dec. 15—Members of the Mountain View club entertained their husbands with a potluck dinner Friday at the Wendell Grange hall.

Mrs. David Powell, Mrs. E. F. Maurer, Mrs. Arthur Koch and Mrs. E. F. Cardwell were hostesses.

The women held their meeting after the dinner while the men played cards.

Mrs. Estella Williams and Mrs. Wallace Kaufman were appointed to assist Mrs. Anton Almberg on the gift and flower committee. Clothing was collected for the club's adopted girl and others at the Gooding State school.

The group was invited to attend the meeting of the Orchard Valley Hobby club Tuesday afternoon.

The next meeting will be a potluck dinner Dec. 22 at the Grange hall.

Hostesses will be Mrs. Arthur Byce, Mrs. Roy Mintun, Mrs. Keith Hartley and Mrs. Harvey Hartley. There will be a grab bag gift exchange and mystery pals will be revealed.

* * *

Women Feted

EMERSON, Dec. 15—The Birthday club held its annual Christmas and birthday party Friday at the home of Mrs. Ernest Dilworth, honoring Mrs. Dilworth and Mrs. Dorcus Wilson.

Games were played, directed by Mrs. Carl Randell and Mrs. Howard Corless. High scorers were Mrs. R. E. Corless and Mrs. Charles Wilson.

Gifts were presented mystery sisters and honorees.

Mrs. Charles Monour and Mrs. Keith Merrill served refreshments.

Heads Reelected

KIMBERLY, Dec. 15—All officers were reelected at a meeting Saturday evening of the Boots and Slippers Square Dance club at the Kimberly Grange hall.

Max Moffitt was renamed president; Don Taylor, Kimberly, vice president, and Mrs. Billy Snodgrass, Hansen, secretary-treasurer.

Members planned a Christmas party and gift exchange for Dec. 23.

A dance and breakfast will be given on New Year's eve.

* * *

Election Held

RICHFIELD, Dec. 15—The North End club held an election and shower meeting last week at the home of Mrs. Lester Ward with Mrs. Everett Ward as co-hostess.

Mrs. Louis Abbott was chosen president; Mrs. Albert Jensen, vice president; Mrs. Theo Olliru, secretary-treasurer; Mrs. Everett Ward, reporter, Mrs. Lester Ward and Mrs. Everett Laudert, flower committee.

Calendar

The Loyal Neighbors club will hold the Christmas party and potluck dinner at noon Friday at the home of Mrs. Walter Nicholsen. Gifts will be exchanged by members and children. Roll call will be answered with "a tip for pretty package wrapping."

* * *

Members of the Maroa club will meet for a potluck luncheon at 1 p. m. Thursday at the home of Mrs. Paul Hahnline, Filer. Persons attending are asked to bring their own table service and an exchange of homemade gifts will be made.

* * *

KIMBERLY—Kimberly American Legion post No. 76 and auxiliary will hold the annual family Christmas party and gift exchange at 7 p.m. Thursday at the Legion hall. Junior auxiliary members will present the program directed by Mrs. Homer Butler, Jr., junior activities chairman.

Investiture Held

WENDELL, Dec. 15 — Girl Scouts and Brownie tenderfoot investiture will be held at 7:30 p.m. Friday at Hobrock hall of the Methodist church.

Presiding will be Mrs. R. D. Crego and Mrs. Frank Coleman, Girl Scout leaders; Mrs. R. C. Lancaster and Mrs. Norman Miranda, second grade Brownie leaders; Mrs. Carl Geissler and Mrs. J. H. Freeman, third grade Brownie leaders, and Mrs. Nolan Cooper and Colleen Parr, fourth grade Brownie leaders.

* * *

Potluck Slated

WENDELL, Dec. 15—Plans for the potluck supper to be held Sunday for the children at the Civic center rooms were made with Mrs. B. J. Heitzman.

Mrs. Ed Kearley was placed in charge of the children's treats.

Mrs. O. F. Eisenhauer and Mrs. Charles Miller reported on the Hagerman Altar society silver tea.

Following the business meeting the members worked on bazaar articles.

Care of Your Children

By ANGELO PATRI

A child's teeth are among his most precious assets and every possible means should be taken to preserve them. No tooth the dentist can supply can ever be as good as the one he took out. The best idea is to hold on to the ones nature bestowed as long as possible.

The baby teeth should be watched. The dentist should see them twice a year just as he sees, or should see, the teeth of the older boys and girls. All cavities should be filled as soon as they appear. This to make certain of the healthy state of the child's mouth.

Teeth do more for us than chew food. They enable us to speak clearly. They shape the jaws and set the lines of the face. They add the light of beauty to a smile and that is no mean contribution. A smile can carry one a long way and smooth the road the while.

The dentists are not happy about the amount of sweets the children eat. They are inclined to blame the poor condition of school children's teeth on too much candy. Now candy and children are as close as a shoe on the foot. Candy will be eaten and the best we can do is to try to regulate the amount and quality.

An experienced and highly successful dentist told me that when a child eats candy he should also eat an apple or a piece of one to rid his teeth of the harmful deposits of sugar. The apple would clean his teeth, leave a good taste in his mouth and add to his good health.

Maybe that is why mothers for generations have put an apple in the school child's lunch box. Certainly it gives him a tasty dessert and some nourishment into the bargain. A handsome apple excites a child's appetite while it promotes health of body and mind.

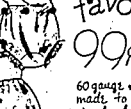

I say "mind" because anything as beautiful as an apple is a source of content to the spirit and surely that in itself should be a loud cheer for the apple in the lunchbox.

Apples are not expensive. In buying them for the children to eat out of hand do buy the smaller ones that taste just as good. The trouble with the big ones, so big that a child cannot stretch his jaw over one, is that after taking a few bites he gives up and throws it away. That is a great waste of a good thing.

Remember apples help keep teeth white and clean and lessen the hunger for candy which must be eaten in moderation.

Convalescent children must be amused and also guarded against fatigue. Dr. Patri's leaflet P-5, gives a list of games and amusing things for children to do. To obtain a copy, send 10 cents in coin to him, c/o Times-News, P. O. Box 89, Station O, New York 19, N. Y.

Bad Colds

Relieve Suffering fast with VICKS VAPORUB

Party Slated

Dan McCook circle No. 3, Ladies of the Grand Army of the Republic, will hold the annual Christmas party at 1:30 p.m. Friday at the home of Mrs. C. V. Jones.

A dessert luncheon will be served by the hostesses, Mrs. Ida Sweet and Mrs. Jones.

A program will be presented. Gifts will be exchanged by the members and secret pals.

Members are asked to bring cookies for the Mountain Home air base hospital Christmas box.

Worthy Matron Of OES Named

HOLLISTER, Dec. 15—Mrs. Earl Fullmer was elected worthy matron of Hollister chapter No. 45, Order of Eastern Star, Thursday evening in the Masonic temple.

Other officers elected were Earl Fullmer, worthy patron; Mrs. George Clark, associate matron; Lloyd Nelson, associate patron; Mrs. Elmo Farrar, conductress; Mrs. Maurice Humphries, associate conductress; Mrs. Dale Kunkel, secretary, and Mrs. George McGregor, treasurer.

Mrs. Lloyd Nelson, worthy matron, presided at the election and meeting. Mrs. Fullmer presented a gift to Mrs. Nelson.

A potluck dinner and joint installation of officers with the Masons will be held Friday evening, it was announced.

A birthday cake honoring members celebrating birthday anniversaries during the month was presented. Refreshments were served by Mr. and Mrs. Dale Kunkel, Mrs. Oran Jones and Mrs. M. N. Knudsen.

* * *

LUNCHEON HELD

FILER, Dec. 15—Mrs. Jack Ramsey gave a luncheon Saturday at the home of Mrs. R. K. Dillingham honoring the officers and committee chairmen of the Order of the Eastern Star.

Yule Customs Featured For AAUW at Luncheon

"Christmas customs" was the title of the program of the American Association of University Women Saturday at the luncheon at the YWCA building.

During the program Neal Barth, Joe Ulrich, Laried Montgomery, Diane Kail and Lois Widener talked of customs in general, Dick High told of customs in Mexico and Kathy Stoddard and Patsy Miller did a Spanish dance. Discussing Italy was Carmen Jellison with Camp Fire Girls, Patricia Hoffman and Gwen Gyer, singing "Adeste Fideles" in Latin.

Rehon Lloyd told of Japan and Diane Bolyard spoke on Germany. Judy Jo Templeton, Janice Luft, Nora Matthews, Karen Reed and Cecilia Curl, Camp Fire Girls, explained the significance of candles.

Prizes Received

HANSEN, Dec. 15—Mr. and Mrs. Gene Brown were hosts at pinochle Saturday evening.

Mrs. H. A. Thaemert received high score prize for women and Mrs. Ed Dohse, low. J. O. Poe took high score for men and Ed Dohse, low. Rudolph Martens received the traveling prize.

* * *

Club Entertained

FILER, Dec. 15—Mrs. N. L. Larson entertained her contract bridge club Friday afternoon with dessert luncheon.

Mrs. M. J. Rogers was a guest.

Mrs. Frank Sikes had high score at games.

* * *

AID ASKED

FILER, Dec. 15 — The American Legion auxiliary community service committee, Mrs. Ernest Theenor, chairman, is asking other clubs in Filer to assist in distributing clothing, toys and food to people in the community during the holiday season.

Club Entertained

"Christmas customs" was the theme of the program of the Delphian club Monday evening at the home of Mrs. Ralph Hall.

Mrs. Rose North reported on the unit meetings held at the high school in connection with the project of working with high school girls to encourage them to seek higher education. She said emphasis was placed on each girl developing her interest and talents to the best of her ability.

Florence Schultz, international relations chairman, read a letter from the national international relations chairman urging all members to read at least one foreign periodical as the best possible means of grasping the international situation and the role of the United States in the international situation.

Serving committee was Mrs. C. W. Daigh, chairman; Mrs. Paul Carver, Mrs. George Burgess, Mrs. A. F. Russell, Mrs. Gabriel Nutile, Mrs. Frank J. Haynes, Mrs. John E. Turner and Mrs. Wayne Lincoln.

Mrs. Leona Larsen was a guest. New members are Mrs. Jean McCollum, Mrs. Richard S. High and Mrs. Joseph VanLeeuwen.

134 Second St. East

Again this year . . . thousands of women will make

delicious Fruit Cake with no baking!

. . . and thousands of husbands, sons, daughters and guests will open their eyes in surprise and lift their voices in high praise! For here's a Fruit Cake bright with festive color, and superbly rich, moist and mellow. And—you make it with a simple twist of your wrist. It never gets near your oven.

The secret is the rich creamy Sego Milk which blends magically with the other good things — graham crackers, marshmallows, orange juice, spices, raisins, nuts, dates and candied fruit—to produce a holiday masterpiece.

Try it. You'll save time. And you'll have a perfect cake that costs much less than any you could buy.

FESTIVE FRUIT CAKE

1. Line bottom and sides of 5-cup loaf or tube pan with waxed paper.

2. Put ½ cup Sego Evaporated Milk, 16 finely-cut marshmallows, and 3 tablesp. orange juice into a bowl and let stand until needed.

3. Roll 4 dozen 2½-inch graham crackers into fine crumbs.

4. Put crumbs into a large bowl with ¼ teasp. cinnamon, ⅛ teasp. nutmeg, ½ teasp. cloves, 1 cup seedless raisins (dark or light), ½ cup finely-cut dates, ¾ cup broken English walnuts.

5. Add ¾ cup ready-mixed, cut-up candied fruit.*

6. Add milk mixture and mix with spoon, then with hands, until crumbs are moistened. Press firmly into pan. Top with fruit and nuts. Cover tightly. Chill two days before slicing, and keep in a cool place.

(*Or ½ cup finely-cut candied pineapple, ½ cup finely-cut candied cherries, and 2 tablesp. finely-cut candied orange peel.)

Sego Milk's Festive Fruit Cake — easy to mix and fix—and nix on the baking!

Twin Falls Hoop Coach Submits His Resignation

Dan Folkins, head coach at Twin Falls high school, turned in his resignation Tuesday due to "conditions that are both impractical and unbearable." Folkins submitted his notice to Ernest H. Ragland, public school superintendent, at the latter's office. He was accompanied by John D. Flatt, high school principal.

★ ★ ★ ★

Under terms of the resignation, Folkins coached his final game of the young season when his Bruin cagers clashed with the Filer Wildcats here Tuesday night.

The resignation will not be officially recognized until it is reviewed by the school board. The possibility of a special board meeting loomed early Wednesday.

Folkins said—in a special Times-News interview late Tuesday—the game against Filer would be his final coaching responsibility.

He declined to continue as head basketball coach any longer "because of the circumstances."

He did, however, state he would be willing to assist an "imported" head coach who might be hired.

Folkins said he was aware of the critical situation at the high school and said he would do everything possible to help "if it will be for the good of the Bruins."

Folkins, despite his action Tuesday, remains as head baseball coach and physical education instructor. He is not completely severing his connection with the school.

With no replacement immediately available to fill Folkins' shoes school officials were at a loss to know who would take over at the helm of the basketball squad.

The Bruins are slated to meet Oakley at the local gym next Tuesday night.

Meanwhile, student athletic leaders were in an uproar over the sudden resignation of their basketball coach, as well as their football coach, Harold Brown.

Brown's resignation was accepted by the school board Monday night following another "acute situation" in the sports program.

There were rumors of a sufficient refusal to accept any further shakeup in the athletic faculty staff.

The contents of Folkins' resignation note are as follows:

"Due to conditions that are both impractical and unbearable, I hereby tender, as of this day, my resignation as head basketball coach of Twin Falls senior high school. I sincerely regret having to take this drastic action but as the situation prevails I am forced to do so to protect all involved.

"I have, without exception, enjoyed my work as basketball coach more than any man has a right to enjoy any one thing in life, and the group of boys that have worked under me are certainly a credit to the fine institution and community they represent.

"I hope that an answer can be forwarded and solved as to the needs of our athletic program, and that many more years of athletic success will be in store for Twin Falls high school and its loyal followers."

Folkins said he had no intention to "let the dawn on his decision" as he was asked if he might reconsider.

On the heels of Folkins' resignation Tom Watson, Bruinettes club president, issued a statement in which he refuted a Times-News account of that organization's session at the Rogerson hotel Monday night.

Walton's prepared statement read:

"I, as president of the Bruin Boosters, wish to make it plain that the article printed in the Times-News does not represent the opinion of myself, and I do not feel it is a true picture of how the majority of the members feel.

"I do not feel the sports editor clarified the facts, and I think the students and staff of Twin Falls high school have suffered grievous injury for which I am sorry."

When queried late Tuesday by the same sports editor Walton, however, had additional statements to make. He said:

"The story was a violation of confidence and the paper used information which was supposed to be off the record. I said I didn't want anything printed that would hurt anyone.

"I do not deny the subjects mentioned in the story were discussed," Walton added.

He said no formal meeting would be held with school officials as the club voted Monday night, and commented he did not "hold anything against the sports editor of the Times-News."

Two Booster members did confer informally with Flatt at the latter's office late Tuesday. They were not, however, the delegation the Boosters had earlier voted to send.

The Times-News, incidentally, was

Powers Gives Full Support To Coverage

Hank Powers, athletic director at Twin Falls high school, Tuesday night said he believed the Times-News was absolutely correct in presenting both sides of "any controversial subject—whether it be in athletics or not."

"These things," Powers said, "merit public attention so that solutions may be reached by all concerned."

Powers commented that Twin Falls has been a "poor basketball town" until the past two years.

He added a statement that local fans were strong for football and that the Bruin grid teams held a .783 average until two years ago."

The athletic director requested an impartial investigation be made of the high school athletic department, and said, "the sooner the better."

He commented on Coach Dan Folkins' resignation as follows:

"Dan's an alright guy in every respect."

Vandals Make Record Score On Hardwood

MOSCOW, Dec. 15 (AP)—Despite a ragged showing, Idaho's Vandals claimed their second win of the season with a 95-72 victory over visiting California Poly Tuesday.

The 95 points is the highest total ever scored by an Idaho varsity quintet, but is two points shy of the 97 points scored by Idaho's freshmen last Saturday night for a gymnasium record here.

The visiting Californians were badly outclassed almost from the start and, after holding a brief 6-4 edge after three minutes, began to fall steadily behind. Coach Harlan Hodges' Vandals, admittedly weak in reserves, used the platoon system, and it worked effectively.

Dusette, Alexander Clinch Mat Event

George Dusette and Ralph Alexander split the main event at Rudy Rondevoi last night from Elmer Davis and Frank Fakely. The first fall went to Davis with a half crab. Dusette won the second with a body scissors hold. The third and final fall was copped by Alexander with a head twist.

Dionno McDonald on the semi-final over Don Moore with a double fall featuring a drop kick and submission hold.

In the special event Fakely and Alexander came to a draw.

Alexander subbed for Sugy Hayamaka who was injured in a Boise match Monday evening.

Buhl, Filer Cage Teams Victorious

Two outlaw basketball tilts were played at Murtaugh Monday night. The results:

Buhl Jaycees 61, Murtaugh Outlaws 40. Filer Legion 47, Arctic Circle of Twin Falls 41.

High men for Filer were A. Anhurst with 17 and J. Page with 16. Kenny Davis with 11 and Kenny Givens with 10 were top scorers for the Arctic Circle quint.

Wyoming Elk Kill May Exceed 10,000

CHEYENNE, Wyo., Dec. 15 (AP)—The Wyoming elk kill for this year is expected to top 10,000.

Jim Grase, information officer for the state game department, gave that estimate Monday after reports to check stations showed hunters have bagged 7,504 elk.

Field checks for the season ended Dec. 12 in most areas will be reported later. The figure last year was 7,000.

Officials Named For Shrine Game

SAN FRANCISCO, Dec. 15 (AP)—Game officials for the Shrine East-West football game in San Francisco on New Year's day were announced Tuesday by commissioner Victor O. Schmidt of the Pacific Coast conference.

They are referee, James Cain; linesman, William Sloan; field judge, James Mitchell; back judge, Erwin Ginsburg.

All are PCC officials.

Sport Shorts

NEW YORK, Dec. 15 (AP)—Horace Stoneham, president of the New York Giants, calmly predicted Tuesday that his club will win the National league pennant again. And, to the horror of all Brooklyn, he couldn't see the Dodgers as a major threat.

NEW YORK, Dec. 15 (AP) — The New York Giants today traded shortstop Billy Klaus, a rookie from their Minneapolis farm club, to the Boston Red Sox for veteran reliever Del Wilber. Klaus hit .280 for Minneapolis of the American association last season. Wilber played in only 24 games for the Red Sox in 1954 and batted .131.

Pairings Set For Davis Cup Net Openers

BRISBANE, Australia, Dec. 15 (AP)—Tony Trabert of the United States will meet Sven Davidson of Sweden in the first singles match of the Davis cup interzone finals Thursday.

In the second match, American champion Vic Seixas will go against Lennhart Bergelin. The pairings were announced Wednesday.

Trabert and Seixas will play the doubles against Bergelin and Davidson Friday, and on Saturday the final singles will pit Trabert against Bergelin and Seixas against Davidson.

"I am very pleased with the draw," said United States captain Bill Talbert. "This gives Seixas a chance to play the second match after a long series of first match appearances."

Last week, Seixas commented that for a change he would like to play the second match.

"It also sends together two players who are at the top of their games, Seixas and Bergelin," Talbert said.

Hailey Dumps Carey 52-47

CAREY, Dec. 15—Hailey dumped Carey 52-47 in a basketball game here Tuesday night.

High man for Hailey was Yadon, the center, with 18. Howard, a forward, racked up a similar number of baskets for the losers.

The box score:

HAILEY 52, CAREY 47

Horvath High Man In Western Loop

SEATTLE, Dec. 15 (AP) — Bronco Horvath, Edmonton, still led Western Hockey league scorers with 45 points according to latest statistics released today by league officials.

Horvath has 45 points on 23 assists and 22 goals with his goals mark being high for the circuit. Eddie Dorohoy, Victoria, and Gayle Fielder, New Westminster, share assists honors with 25 each. Harry Dick, Vancouver, continues to lead the penalty parade with 90 minutes in the cooler in 28 games.

Marcel Pelletier, Victoria, picked up his fourth shutout of the season last week in blanking Saskatoon Saturday night in Victoria and has lowered his goals against mark to 2.82 per game to lead the loop.

Cleveland Hurlers Most Effective in History

CHICAGO, Dec. 15 (AP)—The Cleveland Indians' pitching staff was credited officially today with being the most effective in American league history.

Official figures revealed that manager Al Lopez' magnificent staff had compiled a 2.78 earned-run average—a figure more glittering even than those compiled in the dead ball era. Earned-run averages became part of baseball's official statistics in 1913 when Walter Johnson led with a 1.14 mark.

No Cleveland pitcher approached that figure this year—but that only made the 10-man staff effort more impressive. No fewer than six Cleveland pitchers had earned-run averages below a game and only Bob Hooper, who pitched in just 25 innings, was over 3.50.

Mike Garcia, the youngest and strongest of Cleveland's "big three," made off with the individual title among pitchers who worked in at least 154 innings by compiling a 2.64 ERA. Garcia, who had a 19-8 won-and-lost record, yielded only 76 earned runs in 259 innings.

Sandy Consuegra, right-handed curveballer of the Chicago White Sox, ranked second with a 2.69 mark closely followed by the other two members of the Indians' "big three," Bob Lemon and Early Wynn.

Lemon, who tied Bob Feller's club record by becoming a 20-game winner for the fifth time in his career, while Wynn, who pitched the pennant-clinching clash had a 2.72 ERA to tie for third place. Their pair also tied for the most victories—Lemon carving a 23-7 record and Wynn a 23-11 log.

Joining the "big three" with brilliant earned-run averages were Don Mossi, who had 1.94 figure in 93 innings; Ray Narleski, who had a 2.72 mark in 89 innings, and veteran Hal Newhouser who had a 2.49 average in 47 innings. Other Cleveland ERA's included Dave Hoskins' 3.06, Bob Feller's 3.09, Art Houtteman's 3.35 and Hoopers 4.89.

Consuegra's 16-3 record earned him a league-leading .842 percentage, while Wynn pitched the most innings (279) and Garcia and Virgil Trucks of the White Sox turned in five shutouts each for leadership in that department. Hooker Bob Grim of the Yankees had a 20-6 record to become the league's only other 20-game winner.

Bob Turley, recently traded to the Yankees, led in strikeouts with 185 and also in walks with 181, while Bob Porterfield of the Washington Senators allowed 249 hits and Arnold Portocarrero of the Athletics yielded 124 runs.

Olson Favored By 4-1 Odds Over Langlois

SAN FRANCISCO, Dec. 15 (AP)—Carl (Bobo) Olson, the tireless middleweight champion, has been installed as a 4-1 favorite to whip challenger Pierre Langlois of France in their 15-round bout at Cow palace Wednesday night—but the frenchman has other ideas.

He predicted he would win the crown and take the title back to his beloved France with him.

"Olson fights my favorite style," said Langlois. "He keeps coming to me and I know I can like him and take the title back to France as a present for my wife."

While both the champion and the challenger rested Tuesday, fight talk in this town grew by leaps and bounds. As a result, promoter Bennie Ford predicted that the gate would gross more than $108,000 for the international bout. It will be televised nationally but will be blacked out within a radius of 150 miles of the bay city.

Meanwhile, George Kanter, the American representative of Langlois, and his manager, Jean Bretonnel, said that he had given up hope of having outside officials for the bout.

Castleford Is Tripped up By Kimberly

KIMBERLY, Dec. 15—Kimberly continued its winning ways Tuesday night to down Castleford 61 to 54. Kimberly kept ahead of Castleford most of the way.

Ensunsa, Castleford's star center led the scoring on both sides with 23 points. Erickson, Kimberly's fast forward, had 19 to his credit, closely followed by Hahn, guard, with 16.

Stayner Riflemen Win Gerrish Meet

Stayner rifle experts copped an intra-club match from Gerrish shooters here recently with scores totals 2996-2977. The winners rang up four points for the week as compared to one for Gerrish, and the respective team totals came out at 12 and 8.

Leonard Titmus was high man for Stayner with 389, and Greg Belsher topped the Gerrish team with 384.

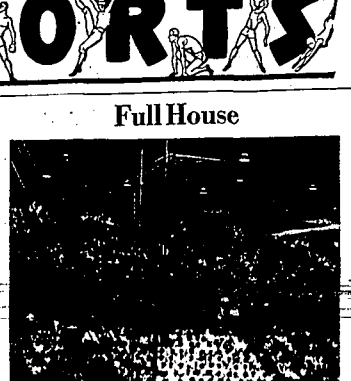

Other Stayner shooters were Morris Moore, Grant Sanborn, Richard Murphy, Al Becker, Joan Cates, Dorothy Sanborn, Gale Whitmore, Harry Holmquist and Ted Dingman.

Gerrish shooters also included Claude Severi, Frank Jenkins, Clyde Ross, Eva Ross, Ansel Cates, Ruth Moore and Jimmie Middleton.

San Francisco Search For Coach Continues

SAN FRANCISCO, Dec. 15 (AP)—Wanted: A professional coach who will bring San Francisco the 1955 National Football league championship.

That, in effect, is the sign hung up Monday by the owners of the 49ers when they fired L. T. (Buck) Shaw, whose teams have won almost twice as many games as they've lost and finished second of third the past four seasons.

"Our aim is and always has been the championship," said majority owner Anthony (Tony) Morabito. "We all like to win. And we want a championship."

The man who takes Shaw's place will be definitely on the spot. He'll be expected to produce, come what may.

Who will replace Shaw still was anybody's guess. And Morabito said the club would take its time in picking. Meanwhile, he emphasized, all check on rumors would draw no comment.

The most prominently mentioned was Norman P. (Red) Strader, former St. Mary's college and New York Yankee coach, now chief scout for the 49ers. But the rumors were running as wild as to even entertain the possibility of luring former Notre Dame head coach Frank Leahy from retirement.

LaSalle Explorers Named Best Cage Team for Week

NEW YORK, Dec. 15 (AP)—La-Salle's Explorers who discovered the "promised land" when they won the national basketball championship last season, again led the United Press weekly college ratings today with 25 out of possible 35 first place votes and a total of 335 points.

The board burners from Philadelphia received seven second place votes, one for third place and two for fourth. They received three fewer first place votes than last week but picked up 13 points because of stronger second place support among the 35 outstanding coaches who make up the United Press rating board.

Kentucky zoomed into second place with 196 points while Illinois which received two first place votes, ranked third with 175 points, North Carolina State with one first place vote was fourth with 138 points, Indiana with one first place vote fifth with 133 votes, UCLA with two first place votes sixth with 113 points, Duquesne with one first place vote seven with 112 points, Utah with two first place votes eighth with 93 points, Missouri ninth with 79 points and Niagara and Iowa tied for 10th with 72 points.

Purdue, Bears Become 1954 Pass Leaders

NEW YORK, Dec. 15 (AP)—Sophomore Leonard Dawson of Purdue and senior Paul Larson of California wrought such changes in their teams' attack patterns that three traditional lean powers emerged as the two major college passing teams this year.

Final NCAA service bureau statistics showed Tuesday that Purdue nosed out California for first place in yards per game 177.3 to 172.4, while California set an all-time record for accuracy and led in total yardage and number of completions.

California completed 139 of the 228 forwards it threw, a 61 per cent record. There's only one other instance of a team completing three of *every five throws*—Alabama's 60.7 per cent mark in 1945 on 117 tries and 71 completions.

Virginia Tech threw the fewest times, 57. Tennessee gained the least, 13 yards a game—the lowest figure since Wyoming made only 25.4 in 1946. Stanford suffered most interceptions, 26, and Mohtana the largest proportion of interceptions, 17 per cent, 15 of 88 attempts.

Ogden Ticket Sale Within Sight of Goal

OGDEN, Dec. 15 (AP)—Ogden is within 27,000 tickets of "it," said in the "keep baseball in Ogden" campaign, the drive chairman said today.

Elmer Ward said 43,000 ducats had been disposed of in the drive to sell 70,000 pre-season adult tickets.

Ogden, a member of the Pioneer league, is owned by the Cincinnati Redlegs of the National league.

"I feel confident we will reach our goal," Ward said. "We will break down the ticket sale for public release late Wednesday.

He said Ogden retail merchants had pledged to buy a block of nearly 20,000 tickets valued at $15,000. Some firms, Ward said, have purchased from $250 to $1,000 worth of tickets for the 1955 season.

Butte, Mont., was said to be in line for a Pioneer franchise should any of the present teams of the tri-state class C loop drop out.

The Redlegs have warned Ogden they will move the farm franchise someplace else unless adequate attendance is assured soon to finance a team.

Fairfield Is Victor in Hot Cage Contest

FAIRFIELD, Dec. 15—Fairfield came from behind at the half Tuesday night to defeat Hagerman 44 to 36 in a game played on the Fairfield courts.

High scorer in the contest was Fairfield's center, Mood, with 14 points. Brown, Hagerman's center, was close on his heels with 12. Barron, a forward for Fairfield, tallied 11.

MARKETS AT A GLANCE

NEW YORK, Dec. 15 (AP) –
Stocks—Steady; oils in demand.
Bonds—Irregularly lower; rails in supply.
Cotton—Higher; trade buying.
Chicago:
Wheat—Firm; dry weather, export business.
Corn—Easy; trade light.
Oats—Steady; small price changes.
Hogs—Steady to 25 cents higher; top $19.00.
Cattle—Steers weak to 50 cents up; top $32.50, equals 1954 high.

NEW YORK, Dec. 15 (AP)—The stock market held to a steady course today with offs and many individual issues strong.

Final hour prices included: Plymouth Oil up 1½ at 31½, Missouri Pacific preferred up 2¼ at 66, American Telephone up 1⅛ at 174⅞, ... up 1⅞ at 97⅞, Goodrich up 1⅞ at 121⅞, and ... corporation off ⅛ at 36⅞.

Price changes either way were moderate with the exception of a few outstanding wide-moving issues.

Trading was at an estimated 2,500,000 shares.

Helping along the oils with some good plus signs were the steels, motors, subsidiaries, coppers and railroads. The rest of the list sagged quietly or remained mixed.

Class in Hansen To Present Play

HANSEN, Dec. 15 — "Too Much Mistletoe" is the title of a comedy to be presented by Hansen high school at 8 p. m. Thursday at the high school.

The cast includes speech class *members, Bill Kuhn, Beverly Stanger*, Everett Dutt, Pat Gailey, Dorothy Shouse, Fran Treat, Beverly Treat, Carl Hoskins and Clark Bedow.

Band selections will be played and a girls ensemble is slated to sing.

Ronald Koford will direct musical numbers.

READ TIMES-NEWS WANT-ADS.

Livestock

OGDEN

OGDEN, Dec. 15 (UP)—Cattle 100; largely cows and common to medium stocker and feeder steers and yearlings; trade poorly tested; few canner to low utility cows about steady at 8.00-9.00; *plain stocker* and feeder cattle hard to sell; calves 25; not enough offered for adequate trade test.

Hogs 50; no early sales and indications trade poorly tested.

Sheep 200; occasional small lots wooled slaughter lambs steady at 18.00.

PORTLAND

PORTLAND, Dec. 15 (UP)—Cattle 400; market rather slow; early sales about steady; few commercial and low good steers 18.00-20.00; utility grades 12.00-17.00; *few* utility and commercial heifers 11.00-17.00; canner and cutter cows 7.00-8.50; *utility cows* 9.50-11.50; *few* commercial grades 12.00; commercial bulls 12.50-13.50; calves 50; market active, steady, few good to low choice vealers ...; good 450 lb. calves 17.00; medium to good stock calves 15.00-17.00.

Hogs 225; market slow, 25-50 lower than Monday; choice 190-238 lb. butchers 19.75-20.00; choice 360-500 lb. sows 16.00-17.50.

Sheep 500; slaughter lambs steady with extreme top 25 higher on improved quality; one lot choice to prime 102 lb. wooled lambs 18.75; few good to choice lots 17.00-50; one lot mixed grade lambs not yet shown; good to choice feeders salable around 14.00-15.00; good to choice ewes 4.50-5.50.

SAN FRANCISCO

SAN FRANCISCO, Dec. 15 (UP)—Cattle salable 100; early supply includes scattered shipments slaughter and replacement classes; opening, moderately active, all classes about steady; individual commercial 900 lb. slaughter steer 18.00; one lot commercial slaughter heifers 15.00; few head and lots utility and commercial cows 10.00-13.50; canners and cutters 7.50-9.50; shelly canners down to 7.00; other classes not established; calves salable 10; scant early supply insufficient to test market.

Hogs salable 200; scant early supply mostly feeder pigs; butchers late in arriving; market not established on any class.

Sheep salable 300; early supply mostly slaughter lambs; opening moderately active, slaughter lambs fully steady; couple decks utility and good shorn slaughter lambs with No. 1 and fall shorn pelts 18.00; other classes not established.

LOS ANGELES

LOS ANGELES, Dec. 15 (AP)—(FSMN)—Cattle salable 1,250; early sales about steady but most *bids lower on cows*; odd low choice fed steers 23.00; good and low choice steers 22.00-75; commercial 18.00-19.00; commercial and good heifers 18.00-20.75; utility and commercial grass heifers 13.50-15.50; utility and commercial cows 10.00-13.50; canners and cutters 7.60-9.50; few 7.00 down; calves salable 150; *few slaughter calves about steady*; commercial and good 16.00-18.00.

Hogs salable 250; practically no sales; few choice 354 lb. sows 15.00.

Sheep salable none; odd head choice 107 lb. wooled lambs steady at 19.00; late Tuesday good and mostly choice 84 lb. lambs 18.60.

OMAHA

OMAHA, Dec. 15 (UP)—Hogs 14,000; steady to 50 lower; choice 180-240 lbs. 17.00-18.00.

Cattle 8,000; calves 125; choice and prime fed steers and heifers steady, in*stances 25 higher; commercial and good* grades steady to weak; prime 1,249 lb. steers 29.75; good to low choice 20.00; choice heifers 21.50-25.75; beef cows 25-50 lower; utility and commercial 8.25-10.50.

Sheep 1,500; most wooled lambs steady to weak; good to prime generally 18.00-60.

CHICAGO

CHICAGO, Dec. 15 (AP)—(USDA)—Hogs salable 12,000; steady to 25 higher on butchers; sows 25 higher; choice 190-220 lbs. 17.50-19.00; 230-260 lb. butchers 16.60-17.75; choice 230-235 lbs. as high as 18.25; most 270-330 lbs. 16.00-50; sows 13.75-16.00.

LDS SPEAKERS

DIETRICH, Dec. 15—Mrs. Will Cleveland and Hyrum Meservy were speakers at the LDS services Sunday. Richard McCowan gave a youth talk. Mrs. Dale Hess sang accompanied by Mrs. George Ward.

Grain

CHICAGO, Dec. 15 (AP)—Grains backed and filled erratically in routine dealings on the board of trade today.

The market enjoyed one price runup in the morning, in which all cereals except corn participated. But the gains could not be entirely held through to the close.

Rye developed definite weakness late in the session on a renewal of liquidation. Best performance was turned in by wheat, ahead most of the day on buying associated with export business and dry weather.

Wheat closed ⅛-¾ higher, December 2.24⅛-2.24; corn ⅛-¼ lower, December 1.52⅝-¼; oats unchanged to ⅝ lower, December 80⅝-½; rye 1⅛-2⅛ lower, December 1.11⅛; soybeans 1 cent lower to 2½ higher, January 2.81½-2.82, and lard unchanged to 5 cents a hundred pounds higher, December 13.25.

CASH GRAIN

CHICAGO, Dec. 15 (AP)—Wheat none. Corn No. 2 yellow 1.53⅝-54; No. 3 1.47½-52½.

Oats No. 1 heavy white 89½; No. 2 87; No. 1 white 84; No. 2 heavy special red 87½.

Barley nominal; malting choice 1.30-62; feed 1.10-19.

Aid of Public Asked to Keep Hospital's OK

(From Page One)

be organized as a definite medical staff. Such organization has nothing to do with the question as to whether the hospital is open or closed, nor need it affect any approved existing type of medical staff organization.

The certificate also emphasizes that medical staff membership "be restricted to physicians and surgeons who are graduates of medicine of approved medical schools; competent in their respective fields, and worthy in character and in matters of professional ethics, that in this latter connection the practice of the division of fees, under any guise whatsoever, be prohibited."

It further states that the "medical staff initiate and, with the approval of the governing board, adopt rules, *regulations and policies* governing the professional work of the hospital and that medical staff meetings be held at regular intervals."

The certificate provides that "accurate and complete medical records be written for all patients and filed in an accessible manner in the hospital and that diagnostic and therapeutic facilities under competent medical supervision be available for the study, diagnosis and treatment of patients, these to include a clinical laboratory providing chemical, bacteriological, serilogical and pathological services and an X-ray department providing radiographic and fluoroscopic services."

The certificate was signed by Newell W. Philpott, chairman of the commission, and Kenneth B. Babcock, director.

Pupils Ready Yule Pageant

HAGERMAN, Dec. 15—Pupils in the first to the sixth grades are practicing for the Christmas program to be presented at the high *school on Dec. 22.* The theme will portray customs of many lands.

Leading parts will be played by Bobby Palmer, Michael Mason, David Weech, Gerald Prince, Ray Miller, Walter Davis, Marla Hawkes, Charlotte Jensen, Cheryl Hawkes, Alan Ravenscroft, Johnny Anderson, Lloyd Curry and Frank Erwin.

Music is under the direction of Kevin Burns with Ann Evans as accompanist. Mrs. Charles Thompson has painted background scenery. The grade school teachers are directing the production. They are Mrs. T. R. Larson, Mrs. Glenn Hendrickson, Mrs. Ted Bell, Virginia Brock, Mrs. *Dudley Cameron,* Mrs. Stanley Penfold and Lysle Gilmore.

Words Added

SEOUL, Dec. 15 (AP) — Add hot snow to your atomic age vocabulary.

Prof. Kwon Yung-dal of Seoul National university said today he found radioactive dust in the season's *first heavy snow here Monday.* He warned against eating it.

Dedication Set

POCATELLO, Dec. 15 (AP)—Bannock county is to formally dedicate its new courthouse at Pocatello Jan. 8, the board of commissioners announced yesterday.

Cantril Nielsen, board chairman, said invitations have been sent to all state officials, the Idaho congressional delegation and local officials for the dedication of the $750,000 building.

Guidless German Boy Wanders Off

SALT LAKE CITY, Dec. 15 (AP)—An eight-year-old German orphan who arrived in Salt Lake City only three days ago already is seeing the sights—without a guide.

Robert Zaar wandered yesterday from the home of his new parents, Mr. and Mrs. Valois A. Zaar. He was gone for more than six hours. Police were notified and radio stations broadcast his description.

He eventually was found at Ingvar's Barber shop and Beauty Salon. It was discovered later the boy had spent most of the day watching mechanics work at a service station.

"I just wanted to take a walk," a police officer said Robert told him. The question was put to the boy in German—he doesn't speak English yet.

Woman Strangled By Auto's Weight

THE DALLES, Ore., Dec. 15 (AP)—Mrs. Bertha Steinert parked her car on the steep, muddy street beside the Wasco county courthouse yesterday, set the handbrake, put the transmission in parking position and *got out.*

No one saw it happen, but apparently the car slid backward down the muddy street for a few feet and as it did, it knocked Mrs. Steinert, 54, to the ground on her back. The front wheels were cramped and the car swung around enough that it stopped with the left front wheel on her throat.

She was dead when help arrived *and Coroner Kenneth Libby* said strangulation from the car's weight was the cause.

Eisenhower Gives Trio Recess Jobs

WASHINGTON, Dec. 15 (AP) — President Eisenhower gave recess *appointments yesterday* to three men whose nominations to high government posts have been submitted to the senate but not acted on.

Joseph Campbell was named comptroller general of the U. S. *succeeding Lindsay Warren, who re*signed last spring.

Ervin L. Peterson, 45, Salem, Ore., was appointed assistant secretary of agriculture and a director of the commodity credit corporation.

George A. Blowers, 48, New York banker and monetary expert, was named to the board of directors of the export-import bank.

Visits Listed

DECLO, Dec. 15—Mrs. R. F. Fisher has left for Salt Lake City.

Norvan Parke, Santa Rosa, Calif., *is visiting his mother, Mrs. Julia* Ballard.

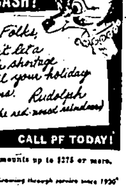

Mrs. Martha Mortensen, Homedale, is visiting her daughter, Mrs. Cleve Adams.

Board Meets

RICHFIELD, Dec. 15—Richfield school board met Monday evening for routine business.

Supt. Clint Bugg announced the community Christmas program at the high school auditorium at 1:30 p.m. Dec. 22. Class parties will be held during the afternoon of Dec. 23 before students are dismissed for the Christmas holiday. School will reconvene Dec. 28.

Self-Aid Plan Advocated in ADA Meeting

BOISE, Dec. 15 (AP)—The president *of the American Dairy* association told Idaho members of the industry today that self-help is the best way to bring good prices for their products.

Merrill Warnick, the ADA president who operates a *dairy farm near* Pleasant Grove, Utah, was the featured speaker at a luncheon marking the opening of the Idaho Dairymen's association convention.

Families throughout the nation now are becoming aware of the value of three glasses of milk a day and the delectability of a butter-baked turkey, Warnick reported.

The American dairy farmer, to *keep* a generally high level of prosperity for his industry, must produce more efficiently, market more effectively and stimulate consumer demand, the ADA official said.

Members of the ADA are working toward four major objectives, Warnick said, which include advertising, merchandising, public relations and research.

Eight organizations associated with the dairy industry in the Gem state were meeting with the IDA. The convention concludes tomorrow.

Permit Requested In Cloud Seeding

CHEYENNE, Wyo., Dec. 15 (AP)—North American Weather Consultants of Altadena, Calif., has asked state permission to operate a cloud-seeding generator near Cokeville, Wyo.

Utah Power and Light company *has hired the firm in an attempt* to increase precipitation on the Bear-river watershed in Wyoming, Utah and Idaho.

Deputy State Engineer Earl Lloyd said the firm is seeding clouds in Utah and Idaho and seeks authority from the Wyoming weather modification board to seed clouds in Uinta and Lincoln counties.
